X. Board Chair Report

a. Introduction of New Board Member

Disposti: Announced the appointment of Steve Sodergren as the Board’s new Executive Officer.

Disposti: Introduced new Board member, Yvette Casares Willis, Public Member.

b. Board Member Activities

Sovec: Spoke at the Trans Wellness Conference (online) in February.

XI. Public Comment for Items Not on the Agenda

Ben Caldwell: Congratulated Mr. Sodergren.

Jen Alley, California Association of Marriage and Family Therapists (CAMFT): Congratulated Mr. Sodergren.

XII. Suggestions for Future Agenda Items

Ben Caldwell: Requests a discussion summary of the disciplinary process. Based on statistics provided by Kim Madsen, it appears that more people are added to probation each year than successfully complete their probation. Would like to discuss why and discuss ways to ensure public protection while ensuring that people successfully complete their probation.

XIII. Consent Calendar

a. Possible Approval of the November 4-5, 2020 Board Meeting Minutes

b. Possible Approval of the January 29, 2021 Board Meeting Minutes

c. Possible Approval of the February 19, 2021 Board Meeting Minutes

November 2020 Board meeting minutes were tabled.

MOTION: Approve the January 29, 2020 and February 19, 2020 Board meeting minutes as written.

Wong moved. Ranasinghe seconded. The motion carried: 9 yea, 0 nay.

XIV. Executive Officer Report

5

a. Budget Report

6

Budget

7

The Board’s budget for fiscal year (FY) 2020/2021 is \$12,470,000.

8

Expenditures to date are \$5,054,336 (41%).

9

10

Fund Condition

11

The Board’s fund condition for FY 2020/2021 currently reflects a reserve if 3.1 months.

12

13

14

Budget Reduction

15

Due to the economic impact the pandemic and wildfires had on California, the Department of Finance (DOF) released Budget Letter 20-37 on November 3, 2020 which requires each Department to realize savings by taking a 5% permanent reduction no later than FY 2021/2022. The Board worked with DCA Budget Office to determine how this saving would be recognized. The 5% reduction was to be applied to the Board’s operating expense and equipment budget minus some exclusions such as departmental prorata and attorney general costs. The final savings that the Board needed to realize was \$99,000.

16

17

18

19

20

21

22

23

24

The plan that was submitted made reductions to historically overfunded budget line items. It also proposed to eliminate a vehicle operation line item that the Board has never utilized. The following was the proposed reduction plan:

25

26

27

LINE ITEM	BUDGETED	REDUCTION AMOUNT
Out of State Travel Fund	\$72,000	\$60,000
Training Budget	\$29,000	\$20,000
Vehicle Operation Services	\$19,000	\$19,000
Total	\$120,000	\$99,000

b. Operations Report

LICENSING POPULATION: 2nd Quarter of FY 2020/2021

- 1,620 initial licenses were issued.
- 123,780 licensees and registrants as of February 2, 2021 - 1% gain from the previous quarter.

BOARD STATISTICS: 1st Quarter of FY 2020/2021

Licensing Program Applications

- Licensing applications received decreased by 16%.
- Uncharacteristic increase in exam applications LMFT (54%), LCSW (37%) and LEP (217%). The increase may be attributed to the new increased fees effective on January 1, 2021.

Renewal Activity

Renewal activity decreased by 25%.

Administrative Applications

Administrative application volumes decreased by 4%.

Examination Program

- 4,482 examinations were administered, a 7% increase from the previous quarter.
- 7 examination development workshops were conducted from October 1st to December 31st.
- The Office of Professional Examination Services (OPES) will be initiating work on the occupational analysis for the LCSW profession.

Enforcement Program

- 518 consumer complaints received
- 335 criminal conviction notifications received
- 556 cases closed
- 34 cases referred to the Attorney General's (AG) office for formal discipline
- 123 cases pending at the AG's office as of December 31st
- 16 Accusations and 6 Statement of Issues filed
- 13 final citations issued

- 27 Final Disciplinary Orders
- 389 average number of days to complete Formal Discipline. Performance measure is 540 days.
- 297 average number of days a case is with the AG's office
- 32 average number of days to complete all Board investigations

Continuing Education Audits

Audits are suspended due to the current continuing education waiver.

Outreach Activity

Board staff engaged in 13 outreach events via telephone or video conference: association meetings and conferences, MFT consortium meetings, and Mental Health Services Oversight & Accountability Commission (MHSOAC) meetings.

COMMUNICATION REPORT: 1st Quarter of FY 2020/2021

Social Media

The Board's social media presence continues to expand. The Board is continuing Facebook (FB) Fridays with the BBS.

Website Update

"Update/FAQs" tab has been added to the website to centralize and create an easier pathway the Frequently Asked Questions (FAQ) documents and other important updates. The Updates section contain recent law changes, newsletters and information about upcoming law changes.

DCA Call Center

Statistics for calls received by the call center were provided.

COVID-19 RESPONSE

In response to the widespread transmission of COVID-19 that California was experiencing in December the California Department of Public Health issued a stay at home order and directed all state offices to close to the public. To comply, the Board's front counter was closed from December 7, 2020 until February 1, 2021. In order to lessen the risk of transmission, Board staff continue to work remotely if their duties are conducive to telecommuting. The Board has also established a rotation schedule to allow staff to pick up on drop off work. This has allowed the Board to maintain operations with approximately 70% of staff hours performed through telecommuting.

Waivers

The Board has worked on six wavier requests with the Department; four of which were directly requested by the Board. All four requests submitted by the

1 Board were approved. Staff continues to update wavier information on the
2 website to ensure applicants and licensees have a clear understanding of each
3 wavier.
4

5 **c. Personnel Report**

6 **New Employees/Promotions**

7 Office Technician (T)- Enforcement/Discipline and Probation Unit

8 Lisa Santolin joined the Board effective November 2, 2020.

35 **d. Strategic Plan Update**

36 The Board's current strategic plan is set to expire this year. On February 10,
37 2021 Board staff met with DCA's SOLID Planning Solutions to begin the next
38 strategic planning process. During the next few months Board staff will be
39 working with the SOLID team to perform the environmental analysis scan.
40 Board planning sessions are scheduled to be conducted in June.
41

1 **XV. Update on Sunset Review**
2

3 The Board submitted its final sunset review report in December 2019 to the
4 Assembly and Senate Business and Professions Committees. The sunset review
5 oversight hearing process was to be scheduled in March 2020, but due to the
6 COVID-19 pandemic the hearings were delayed.
7

8 On November 18, 2020 the Board participated in the rescheduled sunset review
9 oversight hearings. The Board provided a supplemental sunset report to highlight
10 any additional changes or accomplishments that may have occurred since
11 submitting the original report. After the hearing, the Board was asked to provide a
12 written response to issues and recommendations that were raised by the
13 Committees.
14

15 Next, the Legislature will run a bill to extend the Board's sunset date for the
16 number of years it determines is appropriate.
17

26 **Professions Code section 4999.24 (Renumber to 4999.27)**
27

28 The Board is sponsoring a practice setting definition bill proposal, AB 690. The
29 purpose of AB 690 is to provide definitions of the specific types of practice
30 settings Board licensees, applicants, and registrants are employed in. This will
31 provide critical clarification about where trainees may work, what constitutes a
32 private practice, and will provide additional opportunities for supervision in
33 private practice settings.
34

35 The Board attempted to run this bill last year. However, due to COVID-19, the
36 Legislature was unable to run its usual number of bills. The Board directed
37 staff to again pursue a bill proposal at its November 2020 meeting.
38

39 However, after further review of the language and stakeholder discussions,
40 staff brought the proposed bill language back to the February 2021 Policy and
41 Advocacy Committee (Committee) for discussion of two potential amendments.
42 The Committee recommended that the Board consider making the following
43 amendments:
44

- 45 1. **Amendment #1:** Deleting the provision proposed in BPC §4980.06(b) (for
46 LMFTs), 4996.14.2(b) (for LCSWs), and 4999.26(b) (for LPCCs) that

1 provide that an entity that is licensed or certified by a government regulatory
2 agency to provide health care services shall not be considered a private
3 practice setting.
4

5 An “entity that is licensed or certified by a government regulatory agency to
6 provide health care services shall not be considered a private practice
7 setting.” Staff believes that as written, this sentence is too broad and could
8 lead to implementation issues.
9

10 The original reasoning behind adding this allowance is the thought that
11 existing government oversight provides additional public protection, so
12 licensed or certified entities are not subject to the same concerns about lack
13 of oversight as other private practices and professional corporations are
14 subjected to.
15

16 However, there are a wide and unknown variety of government regulatory
17 agency license or certification types that may broadly qualify an entity to not
18 be considered a private practice, even if it otherwise meets the definition. It
19 is unknown if all types of government agency licenses or certifications would
20 adequately provide the desired level of oversight to provide the additional
21 public protection the Board believes is needed in a private practice or
22 professional corporation.
23

- 24 2. **Amendment #2:** Modifying the provision proposed in BPC
25 §§4980.43.4(b)(2) (LMFTs), 4996.23.3(b)(2) (LCSWs), and 4999.46.4(b)(2)
26 (LPCCs) that requires supervisors in a private practice or professional
27 corporation to provide psychotherapeutic services to clients at the same site
28 as the associate they are supervising.
29

30 The current bill language proposes the following:
31

32 *(a) An associate who is employed by or volunteering in a private practice or
33 a professional corporation shall be supervised by an individual who is
34 both of the following: is employed by, and shall practice at the same site
35 as, the associate’s employer. Alternatively, the supervisor may be an
36 owner of the private practice. However, if the site is incorporated, the
37 supervisor must be employed full-time at the site and be actively
38 engaged in performing professional services at the site.*

39 *(1) Is employed by or contracted by the associate’s employer or is an
40 owner of the private practice or professional corporation.*

41
42 *(2) Provides psychotherapeutic services to clients at the same site as
43 the associate.*
44

45 Kaiser has raised concerns about this language because it frequently
46 employs ASWs who are gaining experience toward licensure.

1
2 Kaiser is split into three employing entities: Kaiser Foundation Health Plan,
3 which is a nonprofit and qualifies as an exempt setting; Kaiser Foundation
4 Hospitals, which is a nonprofit and qualifies as an exempt setting; and The
5 Permanente Medical Group, which is a professional corporation, and is
6 therefore treated as a private practice.
7

8 ASWs working for The Permanente Medical Group arm of Kaiser believe it
9 is unfair that they have limits on their required supervision for gaining
10 experience hours toward LCSW licensure that other ASWs working under
11 the Kaiser nonprofit corporations do not have.
12

13 Under the bill proposal as currently drafted, this issue would partly, but not
14 entirely, resolve with the current bill language. Under current the proposal, the
15 following would apply to supervisors and associates of Kaiser’s professional
16 corporation arm:
17

- 18 • They would now be able to arrange for contracted supervisors to supervise
19 their associates.
- 20 • A supervisor would be required to see clients at the same site as their
21 associate but would no longer be required to be employed full time at the
22 site.
- 23 • A supervisor would be limited to six supervisees per supervisor (instead of
24 the current three).
25

26 In the past, the Board has determined that private practices and professional
27 corporations are in need of additional oversight to ensure associates are
28 supervised properly, not practicing independently, and to achieve the public
29 protection mandate.
30

31 The Committee discussion centered on potentially modifying subsection (2). At
32 the Committee’s direction, staff developed scenarios of alternative language for
33 the Board to consider. The scenarios were presented to the Board for
34 discussion and consideration.
35

36 Sovec: A lot of the movement (of the supervisor) is being directing in a way to
37 support a for-profit corporation to balance out what they’re doing for their non-
38 profit. Concerned about the Board’s work being done to serve a “for-profit
39 situation” when the focus should be directed towards on its (license) population
40 and the public.
41

42 Disposti: Kaiser has legitimate concerns; however, the Committee expressed
43 the same concerns addressed by Mr. Sovec. There are many people working
44 for Kaiser, and the Committee does not want to penalize them; however, the

1 goal must be public protection and to ensure that people in remote regions are
2 properly served.

3
4 Strack: As a Board, the priority is to not necessarily to assist a for-profit
5 corporation; the priority is to make sure that the licensees under that
6 corporation are able to meet the requirements for their license so that they can
7 serve the public.

8
9 Herweck: Echoed Ms. Strack. A lot of students and associates would benefit
10 from the training and various programs that a large entity has to offer.

11
12 Denise Tugate, Government Relations Advocate for FDIU United Healthcare
13 Workers: Language option (2e) balances oversight and documentation of
14 supervision.

15
16 Rebecca Gonzales, National Association of Social Workers California Chapter
17 (NASW-CA): Expressed support for the ASWs working for Kaiser and agreed
18 with Ms. Tugate.

19
20 Josie Baker: With the mental health crisis stemming from the pandemic,
21 supervision is imperative to the continued professional growth of social
22 workers. To meet the needs of Californians during this time, there is a need for
23 well-honed clinical skills. Language option (2e) seems to strike an important
24 balance between affording parity for ASWs that work in both exempt and non-
25 exempt settings while providing consumer protection.

26
27 LaTrena Robinson: Acknowledges the Board's concerns in regards to making
28 changes to benefit the corporation. Expressed that the changes benefit the
29 employees that are serving children, seniors, families, and various members of
30 the community in many capacities. The change would allow social workers
31 working in vulnerable populations to have equity with the social workers in the
32 hospital and moving towards licensure.

33
34 Cathy Atkins, California Association of Marriage and Family Therapy (CAMFT):
35 Trusts Ms. Helms' assessment and analysis especially regarding consumer
36 protection. Concerned that whatever the solution is to fix this issue, does not
37 create an unintended consequence. She used alcohol and drug treatment
38 centers as an example.

39
40 Helms: For (2e), it does open the door for potential abuse by loosening the
41 requirement for the supervisor to be at the same site as the supervisee.

42
43 **MOTION:** Adopt Amendment 1 as a legislative proposal, and direct staff to
44 make any discussed changes and any non-substantive changes and pursue as
45 a legislative proposal.

4 **4999.33.**

5
6 In the 2019 omnibus bill (SB 786, which was signed into law and became
7 effective January 1, 2020), the Board sponsored an amendment to BPC
8 §§4980.36, 4980.37, 4980.81, 4999.32, and 4999.33.

9
10 Previously those sections, which list required education and practicum for
11 LMFT and LPCC licensure, required coursework in assessment, diagnosis, and
12 prognosis. The Board proposed an amendment replacing the term “prognosis”
13 with the term “treatment planning,” because it believed treatment planning is a
14 more accurate representation of the course of psychotherapy.

15
16 Stakeholders have alerted Board staff that other mental health professions may
17 be interpreting the Board’s law change as meaning LMFTs and LPCCs are not
18 permitted to perform prognosis. Staff does not believe this was Board’s intent
19 when it decided to pursue the law change.

20
21 Ben Caldwell: LMFTs and LPCCs engage in prognosis that are not directly
22 linked with treatment planning and does not believe that there was an intent to
23 limit the scope of LMFTs or LPCCs. By adding the term prognosis, it is not an
24 intent to increase the scope.

25 Jennifer Alley, California Association of Marriage and Family Therapists
26 (CAMFT): CAMFT supports the requested change.

27
28 Rebecca Gonzales, National Association of Social Workers California Chapter
29 (NASW-CA): Is it possible to add “prognosis” to the LCSW scope?

30
31 Helms: Responded that adding the term to LCSW law would be handled as a
32 separate item and could be added as a future agenda item.

33
34 Chad Vacco, California Association for Licensed Professional Clinical
35 Counselors (CALPCC) Legislative Board Committee: CALPCC supports the
36 requested change.

37
38 **MOTION:** Direct staff to make any discussed changes, and any non-
39 substantive changes, and pursue as a legislative proposal.

**c. Discussion and possible recommendation to support AB 723 (Low):
Marriage and Family Therapy: Scope of Practice (Amends Business and Professions Code section 4980.02)**

AB 723 would modernize and clarify the scope of practice for LMFTs. CAMFT used the education and experience requirements for LMFT licensure in current statute to determine duties included as part of the new scope of practice.

Intent

CAMFT is pursuing a change to the LMFT scope of practice because the existing scope no longer reflects the diverse education, therapeutic terms, modalities utilized, or diverse conditions and disorders that LMFTs currently treat.

Recommendation

At its February 5, 2021 meeting, the Committee reviewed and discussed a draft version of this bill. The Committee recommended that the Board consider taking a “support” position on the bill.

The bill has been formally drafted by Legislative Counsel and introduced. A few minor wording changes were made since the draft version to the list of activities in the scope.

Jen Alley, CAMFT: Requests the Board’s support for AB 723.

Ben Caldwell: Requests the Board’s support for AB 723.

Rebecca Gonzales: NASW-CA is taking a neutral position.

MOTION: Support AB 723.

This item contains minor changes to the text of a Board-approved regulation proposal pertaining to the supervision of experience required for licensure for the LMFT, LCSW and LPCC professions. The regulations are currently undergoing final review by the Office of Administrative Law, which has requested the changes. Staff anticipates a July 1, 2021 effective date, with certain components to be phased-in.

The proposed amendments, as recommended by the Office of Administrative Law, would make the following changes:

- Technical, non-substantive and clarifying changes

- 1 • Supervisor Self-Assessment Report (sections 1821(d), 1833.1(d) and 1870(d)).
- 2 ○ Supervisor’s telephone number and email address. Clarify that these shall
- 3 be confidential.
- 4 ○ Effective Date Phase-in for Existing Supervisors. Licensees supervising an
- 5 associate (or MFT trainee) as of the effective date of the regulations
- 6 (expected as July 1, 2021) shall submit a self-assessment report to the
- 7 board by July 1, 2022 (changed from January 1, 2022 to provide a full one
- 8 year for compliance as originally intended).
- 9 ○ Supervisor Removal from List. Require supervisors to notify the board
- 10 within 60 days of being no longer qualified to supervise, or to be removed
- 11 from the list if they no longer wish to supervise.
- 12 • Supervisee Placement by Temporary Agencies (sections 1820.3, 1833.05 and
- 13 1869.3). Include language that clarifies that supervisees may be an employee
- 14 of the temporary agency or of the agency that contracts with the temporary
- 15 agency. Refers back to statute regarding the W-2 requirement.
- 16 • Substitute Supervisors (sections 1821.1, 1833.1.5 and 1870.3). Require the
- 17 substitute supervisor and the supervisee’s employer to sign a written oversight
- 18 agreement if required by section 1820, 1833 or 1869. This will help ensure that
- 19 the substitute supervisor has access to client records and provides other
- 20 protections.
- 21 • Supervisor Training and Coursework (sections 1821.3, 1834 and 1871).
- 22 ○ Initial Training for New Supervisors. Change the effective date of the one-
- 23 time training required for new supervisors to be the same as the anticipated
- 24 effective date of the regulations (July 1, 2021).
- 25 ○ Continuing Professional Development. Specify the types of acceptable
- 26 documentation for mentoring or consultation (subsection (c)(4)) and
- 27 attendance at peer discussion groups (subsection (c)(5)).
- 28 ○ Approved Supervisor Certification Exemptions. Subsection (d)(2) originally
- 29 would have allowed licensees who hold a supervisor certification from a
- 30 specified entity to qualify as a supervisor even if they were not actively
- 31 licensed for two of the past five years, and/or had not practiced for two of
- 32 the past five years. However, since the provisions requiring the two years of
- 33 licensure/practice are set in statute, they cannot be waived because statute
- 34 overrides regulations. Certified individuals would still be exempt from
- 35 supervisor training and continuing professional development requirements.
- 36

37 **MOTION:** Approve the proposed text for a 15-day public comment period, and
 38 delegate to the Executive Officer the authority to adopt the proposed regulatory
 39 changes if there are no adverse comments received during the public comment
 40 period, to follow established procedures and processes in doing so, and also

1 delegate to the Executive Officer the authority to make any technical or non-
2 substantive changes that may be required in completing the rulemaking file.
