SUPPLEMENTAL MATERIALS – CASP PROPOSED AMENDMENTS

AB 1651 Proposed amendments to clarify the hours supervised by a licensed educational psychologist

Prepared May 1, 2019

Add language as noted below in blue underline font to the sections 1, 2, 6, 7, 8, 9 of the bill:

SEC 1. Amended B&P Code Section 4980.03 related to Marriage & Family Therapists

4980.03(g) “Supervisor,” as used in this chapter, means an individual who meets all of the following requirements:
(1) Has held an active license for at least two years within the five-year period immediately preceding any supervision as either:
(A) A licensed professional clinical counselor, licensed marriage and family therapist, psychologist licensed pursuant to Chapter 6.6 (commencing with Section 2900), licensed clinical social worker, licensed educational psychologist, or equivalent out-of-state license. **A licensed educational psychologist may only supervise the provision of educationally related mental health services and other services that are consistent with the scope of practice of an educational psychologist as defined in Business and Professions Code Section 4989.14. For purposes of supervision, educationally related mental health services are mental health services provided to students who have social, emotional or behavioral issues that interfere with their educational progress. This includes but is not limited to the provision of educationally related counseling services to pupils qualified for special education and that are necessary for them to receive a Free and Appropriate Public Education in the least restrictive environment pursuant to federal requirements of United States Code, Title 20, Section 1412 such as intensive counseling services on a continuum which may reflect an increase in frequency, duration or staff specialization to address the emotional and behavioral needs of the clients served. This can include but is not limited to; counseling services provided by qualified practitioners, parent counseling and training, psychological services such as consulting with staff members in planning school programs to meet the educational needs of clients and assisting in developing positive behavioral intervention strategies, and social work services such as preparing a social or developmental history on a child with a disability, group and individual counseling with the child and family, and mobilizing school and community resources to enable the child to learn as effectively as possible in his or her educational program as outlined in federal regulation, 34 C.F.R. 300.34.**

SEC 2. Amended B&P Code Section 4980.43 related to Marriage & Family Therapists:

4980.43(c)(9) A maximum of 1,200 hours gained under the supervision of a licensed educational psychologist **providing educationally related mental health services and other services that**
are consistent with the scope of practice of an educational psychologist as defined in Business and Professions Code Section 4989.14.

SEC 6 amended B&P Code Section 4996.20 related to Social Workers:

4996.20 (a) “Supervisor,” as used in this chapter, means an individual who meets all of the following requirements:
(1) Has held an active license for at least two years within the five-year period immediately preceding any supervision as either:
(A) A licensed professional clinical counselor, licensed marriage and family therapist, psychologist licensed pursuant to Chapter 6.6 (commencing with Section 2900), licensed clinical social worker, licensed educational psychologist, or equivalent out-of-state license. A licensed educational psychologist may only supervise the provision of educationally related mental health services that are consistent with the scope of practice of an educational psychologist as defined in section 4989.14. For purposes of supervision, educationally related mental health services are mental health services provided to students who have social, emotional or behavioral issues that interfere with their educational progress. This includes but is not limited to the provision of educationally related counseling services to pupils qualified for special education and that are necessary for them to receive a Free and Appropriate Public Education in the least restrictive environment pursuant to federal requirements of United States Code, Title 20, Section 1412 such as intensive counseling services on a continuum which may reflect an increase in frequency, duration or staff specialization to address the emotional and behavioral needs of the clients served. This can include but is not limited to: counseling services provided by qualified practitioners, parent counseling and training, psychological services such as consulting with staff members in planning school programs to meet the educational needs of clients and assisting in developing positive behavioral intervention strategies, and social work services such as preparing a social or developmental history on a child with a disability, group and individual counseling with the child and family, and mobilizing school and community resources to enable the child to learn as effectively as possible in his or her educational program as outlined in federal regulation, 34 C.F.R. 300.34.

SEC 7 amending B&P Code Section 4996.23 related to Social Workers:

4996.23 (d)(1)(B): The number of hours gained under the supervision of a licensed educational psychologist shall not exceed 1,200 hours providing educationally related mental health services and other services that are consistent with the scope of practice of an educational psychologist as defined in Business and Professions Code Section 4989.14.

SEC 8 amended B&P Code Section 4999.12 related to Professional Clinical Counselors:

4999.12 (h) “Supervisor” means an individual who meets all of the following requirements:
(1) Has held an active license for at least two years within the five-year period immediately preceding any supervision as either:

(A) A licensed professional clinical counselor, licensed marriage and family therapist, psychologist licensed pursuant to Chapter 6.6 (commencing with Section 2900), licensed clinical social worker, licensed educational psychologist, or equivalent out-of-state license. A licensed educational psychologist may only supervise the provision of educationally related mental health services that are consistent with the scope of practice of an educational psychologist, as defined in section 4989.14. For purposes of supervision, educationally related mental health services are mental health services provided to students who have social, emotional or behavioral issues that interfere with their educational progress. This includes but is not limited to the provision of educationally related counseling services to pupils qualified for special education and that are necessary for them to receive a Free and Appropriate Public Education in the least restrictive environment pursuant to federal requirements of United States Code, Title 20, Section 1412 such as intensive counseling services on a continuum which may reflect an increase in frequency, duration or staff specialization to address the emotional and behavioral needs of the clients served. This can include but is not limited to; counseling services provided by qualified practitioners, parent counseling and training, psychological services such as consulting with staff members in planning school programs to meet the educational needs of clients and assisting in developing positive behavioral intervention strategies, and social work services such as preparing a social or developmental history on a child with a disability, group and individual counseling with the child and family, and mobilizing school and community resources to enable the child to learn as effectively as possible in his or her educational program as outlined in federal regulation, 34 C.F.R. 300.34.

SEC 9 amended B&P Code Section 4999.46 related to Professional Clinical Counselors:

4999.46 (c)(6) A maximum of 1,200 hours gained under the supervision of a licensed educational psychologist providing educationally related mental health services and other services that are consistent with the scope of practice of an educational psychologist as defined in Business and Professions Code Section 4989.14.
§300.34 Related services.

(a) General. Related services means transportation and such developmental, corrective, and other supportive services as are required to assist a child with a disability to benefit from special education, and includes speech-language pathology and audiology services, interpreting services, psychological services, physical and occupational therapy, recreation, including therapeutic recreation, early identification and assessment of disabilities in children, counseling services, including rehabilitation counseling, orientation and mobility services, and medical services for diagnostic or evaluation purposes. Related services also include school health services and school nurse services, social work services in schools, and parent counseling and training.

(b) Exception; services that apply to children with surgically implanted devices, including cochlear implants. (1) Related services do not include a medical device that is surgically implanted, the optimization of that device's functioning (e.g., mapping), maintenance of that device, or the replacement of that device.

(2) Nothing in paragraph (b)(1) of this section—

(i) Limits the right of a child with a surgically implanted device (e.g., cochlear implant) to receive related services (as listed in paragraph (a) of this section) that are determined by the IEP Team to be necessary for the child to receive FAPE.

(ii) Limits the responsibility of a public agency to appropriately monitor and maintain medical devices that are needed to maintain the health and safety of the child, including breathing, nutrition, or operation of other bodily functions, while the child is transported to and from school or is at school; or

(iii) Prevents the routine checking of an external component of a surgically implanted device to make sure it is functioning properly, as required in §300.113(b).

(c) Individual related services terms defined. The terms used in this definition are defined as follows:
(1) Audiology includes—

(i) Identification of children with hearing loss;

(ii) Determination of the range, nature, and degree of hearing loss, including referral for medical or other professional attention for the habilitation of hearing;

(iii) Provision of habilitative activities, such as language habilitation, auditory training, speech reading (lip-reading), hearing evaluation, and speech conservation;

(iv) Creation and administration of programs for prevention of hearing loss;

(v) Counseling and guidance of children, parents, and teachers regarding hearing loss; and

(vi) Determination of children's needs for group and individual amplification, selecting and fitting an appropriate aid, and evaluating the effectiveness of amplification.

(2) Counseling services means services provided by qualified social workers, psychologists, guidance counselors, or other qualified personnel.

(3) Early identification and assessment of disabilities in children means the implementation of a formal plan for identifying a disability as early as possible in a child's life.

(4) Interpreting services includes—

(i) The following, when used with respect to children who are deaf or hard of hearing: Oral transliteration services, cued language transliteration services, sign language transliteration and interpreting services, and transcription services, such as communication access real-time translation (CART), C-Print, and TypeWell; and

(ii) Special interpreting services for children who are deaf-blind.

(5) Medical services means services provided by a licensed physician to determine a child's medically related disability that results in the child's need for special education and related services.

(6) Occupational therapy—

(i) Means services provided by a qualified occupational therapist; and

(ii) Includes—

(A) Improving, developing, or restoring functions impaired or lost through illness, injury, or deprivation;
(B) Improving ability to perform tasks for independent functioning if functions are impaired or lost; and

(C) Preventing, through early intervention, initial or further impairment or loss of function.

(7) Orientation and mobility services—

(i) Means services provided to blind or visually impaired children by qualified personnel to enable those students to attain systematic orientation to and safe movement within their environments in school, home, and community; and

(ii) Includes teaching children the following, as appropriate:

(A) Spatial and environmental concepts and use of information received by the senses (such as sound, temperature and vibrations) to establish, maintain, or regain orientation and line of travel (e.g., using sound at a traffic light to cross the street);

(B) To use the long cane or a service animal to supplement visual travel skills or as a tool for safely negotiating the environment for children with no available travel vision;

(C) To understand and use remaining vision and distance low vision aids; and

(D) Other concepts, techniques, and tools.

(8)(i) Parent counseling and training means assisting parents in understanding the special needs of their child;

(ii) Providing parents with information about child development; and

(iii) Helping parents to acquire the necessary skills that will allow them to support the implementation of their child's IEP or IFSP.

(9) Physical therapy means services provided by a qualified physical therapist.

(10) Psychological services includes—

(i) Administering psychological and educational tests, and other assessment procedures;

(ii) Interpreting assessment results;

(iii) Obtaining, integrating, and interpreting information about child behavior and conditions relating to learning;
(iv) Consulting with other staff members in planning school programs to meet the special educational needs of children as indicated by psychological tests, interviews, direct observation, and behavioral evaluations;

(v) Planning and managing a program of psychological services, including psychological counseling for children and parents; and

(vi) Assisting in developing positive behavioral intervention strategies.

(11) Recreation includes—

(i) Assessment of leisure function;

(ii) Therapeutic recreation services;

(iii) Recreation programs in schools and community agencies; and

(iv) Leisure education.

(12) Rehabilitation counseling services means services provided by qualified personnel in individual or group sessions that focus specifically on career development, employment preparation, achieving independence, and integration in the workplace and community of a student with a disability. The term also includes vocational rehabilitation services provided to a student with a disability by vocational rehabilitation programs funded under the Rehabilitation Act of 1973, as amended, 29 U.S.C. 701 et seq.

(13) School health services and school nurse services means health services that are designed to enable a child with a disability to receive FAPE as described in the child's IEP. School nurse services are services provided by a qualified school nurse. School health services are services that may be provided by either a qualified school nurse or other qualified person.

(14) Social work services in schools includes—

(i) Preparing a social or developmental history on a child with a disability;

(ii) Group and individual counseling with the child and family;

(iii) Working in partnership with parents and others on those problems in a child's living situation (home, school, and community) that affect the child's adjustment in school;

(iv) Mobilizing school and community resources to enable the child to learn as effectively as possible in his or her educational program; and

(v) Assisting in developing positive behavioral intervention strategies.
(15) Speech-language pathology services includes—

(i) Identification of children with speech or language impairments;

(ii) Diagnosis and appraisal of specific speech or language impairments;

(iii) Referral for medical or other professional attention necessary for the habilitation of speech or language impairments;

(iv) Provision of speech and language services for the habilitation or prevention of communicative impairments; and

(v) Counseling and guidance of parents, children, and teachers regarding speech and language impairments.

(16) Transportation includes—

(i) Travel to and from school and between schools;

(ii) Travel in and around school buildings; and

(iii) Specialized equipment (such as special or adapted buses, lifts, and ramps), if required to provide special transportation for a child with a disability.

(Authority: 20 U.S.C. 1401(26))
1. §1412. State eligibility

(a) In general

A State is eligible for assistance under this subchapter for a fiscal year if the State submits a plan that provides assurances to the Secretary that the State has in effect policies and procedures to ensure that the State meets each of the following conditions:

(1) Free appropriate public education

(A) In general

A free appropriate public education is available to all children with disabilities residing in the State between the ages of 3 and 21, inclusive, including children with disabilities who have been suspended or expelled from school.

(B) Limitation

The obligation to make a free appropriate public education available to all children with disabilities does not apply with respect to children—

(i) aged 3 through 5 and 18 through 21 in a State to the extent that its application to those children would be inconsistent with State law or practice, or the order of any court, respecting the provision of public education to children in those age ranges; and

(ii) aged 18 through 21 to the extent that State law does not require that special education and related services under this subchapter be provided to children with disabilities who, in the educational placement prior to their incarceration in an adult correctional facility—

(I) were not actually identified as being a child with a disability under section 1401 of this title; or

(II) did not have an individualized education program under this subchapter.

(C) State flexibility

A State that provides early intervention services in accordance with subchapter III to a child who is eligible for services under section 1419 of this title, is not required to provide such child with a free appropriate public education.
(2) Full educational opportunity goal

► The State has established a goal of providing full educational opportunity to all children with disabilities and a detailed timetable for accomplishing that goal.

(3) Child find

(A) In general

All children with disabilities residing in the State, including children with disabilities who are homeless children or are wards of the State and children with disabilities attending private schools, regardless of the severity of their disabilities, and who are in need of special education and related services, are identified, located, and evaluated and a practical method is developed and implemented to determine which children with disabilities are currently receiving needed special education and related services.

(B) Construction

Nothing in this chapter requires that children be classified by their disability so long as each child who has a disability listed in section 1401 of this title and who, by reason of that disability, needs special education and related services is regarded as a child with a disability under this subchapter.

(4) Individualized education program

► An individualized education program, or an individualized family service plan that meets the requirements of section 1436(d) of this title, is developed, reviewed, and revised for each child with a disability in accordance with section 1414(d) of this title.

(5) Least restrictive environment

(A) In general

To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are not disabled, and special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only when the nature or severity of the disability of a child is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

(B) Additional requirement

(i) In general

A State funding mechanism shall not result in placements that violate the requirements of subparagraph (A), and a State shall not use a funding mechanism by which the State distributes
funds on the basis of the type of setting in which a child is served that will result in the failure to provide a child with a disability a free appropriate public education according to the unique needs of the child as described in the child's IEP.

(ii) Assurance

If the State does not have policies and procedures to ensure compliance with clause (i), the State shall provide the Secretary an assurance that the State will revise the funding mechanism as soon as feasible to ensure that such mechanism does not result in such placements.

(6) Procedural safeguards

(A) In general

Children with disabilities and their parents are afforded the procedural safeguards required by section 1415 of this title.

(B) Additional procedural safeguards

Procedures to ensure that testing and evaluation materials and procedures utilized for the purposes of evaluation and placement of children with disabilities for services under this chapter will be selected and administered so as not to be racially or culturally discriminatory. Such materials or procedures shall be provided and administered in the child's native language or mode of communication, unless it clearly is not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child.

(7) Evaluation

Children with disabilities are evaluated in accordance with subsections (a) through (c) of section 1414 of this title.

(8) Confidentiality

Agencies in the State comply with section 1417(c) of this title (relating to the confidentiality of records and information).

(9) Transition from subchapter III to preschool programs

Children participating in early intervention programs assisted under subchapter III, and who will participate in preschool programs assisted under this subchapter, experience a smooth and effective transition to those preschool programs in a manner consistent with section 1437(a)(9) of this title. By the third birthday of such a child, an individualized education program or, if consistent with sections 1414(d)(2)(B) and 1436(d) of this title, an individualized family service plan, has been developed and is being implemented for the child. The local educational agency will participate in transition planning conferences arranged by the designated lead agency under section 1435(a)(10) of this title.
(10) Children in private schools

(A) Children enrolled in private schools by their parents

(i) In general

To the extent consistent with the number and location of children with disabilities in the State who are enrolled by their parents in private elementary schools and secondary schools in the school district served by a local educational agency, provision is made for the participation of those children in the program assisted or carried out under this subchapter by providing for such children special education and related services in accordance with the following requirements, unless the Secretary has arranged for services to those children under subsection (f):

(I) Amounts to be expended for the provision of those services (including direct services to parentally placed private school children) by the local educational agency shall be equal to a proportionate amount of Federal funds made available under this subchapter.

(II) In calculating the proportionate amount of Federal funds, the local educational agency, after timely and meaningful consultation with representatives of private schools as described in clause (iii), shall conduct a thorough and complete child find process to determine the number of parentally placed children with disabilities attending private schools located in the local educational agency.

(III) Such services to parentally placed private school children with disabilities may be provided to the children on the premises of private, including religious, schools, to the extent consistent with law.

(IV) State and local funds may supplement and in no case shall supplant the proportionate amount of Federal funds required to be expended under this subparagraph.

(V) Each local educational agency shall maintain in its records and provide to the State educational agency the number of children evaluated under this subparagraph, the number of children determined to be children with disabilities under this paragraph, and the number of children served under this paragraph.

(ii) Child find requirement

(I) In general

The requirements of paragraph (3) (relating to child find) shall apply with respect to children with disabilities in the State who are enrolled in private, including religious, elementary schools and secondary schools.

(II) Equitable participation
The child find process shall be designed to ensure the equitable participation of parentally placed private school children with disabilities and an accurate count of such children.

(III) Activities

In carrying out this clause, the local educational agency, or where applicable, the State educational agency, shall undertake activities similar to those activities undertaken for the agency's public school children.

(IV) Cost

The cost of carrying out this clause, including individual evaluations, may not be considered in determining whether a local educational agency has met its obligations under clause (i).

(V) Completion period

Such child find process shall be completed in a time period comparable to that for other students attending public schools in the local educational agency.

(iii) Consultation

To ensure timely and meaningful consultation, a local educational agency, or where appropriate, a State educational agency, shall consult with private school representatives and representatives of parents of parentally placed private school children with disabilities during the design and development of special education and related services for the children, including regarding—

(I) the child find process and how parentally placed private school children suspected of having a disability can participate equitably, including how parents, teachers, and private school officials will be informed of the process;

(II) the determination of the proportionate amount of Federal funds available to serve parentally placed private school children with disabilities under this subparagraph, including the determination of how the amount was calculated;

(III) the consultation process among the local educational agency, private school officials, and representatives of parents of parentally placed private school children with disabilities, including how such process will operate throughout the school year to ensure that parentally placed private school children with disabilities identified through the child find process can meaningfully participate in special education and related services;

(IV) how, where, and by whom special education and related services will be provided for parentally placed private school children with disabilities, including a discussion of types of services, including direct services and alternate service delivery mechanisms, how such services will be apportioned if funds are insufficient to serve all children, and how and when these decisions will be made; and
(V) how, if the local educational agency disagrees with the views of the private school officials on the provision of services or the types of services, whether provided directly or through a contract, the local educational agency shall provide to the private school officials a written explanation of the reasons why the local educational agency chose not to provide services directly or through a contract.

(iv) Written affirmation

When timely and meaningful consultation as required by clause (iii) has occurred, the local educational agency shall obtain a written affirmation signed by the representatives of participating private schools, and if such representatives do not provide such affirmation within a reasonable period of time, the local educational agency shall forward the documentation of the consultation process to the State educational agency.

(v) Compliance

(I) In general

A private school official shall have the right to submit a complaint to the State educational agency that the local educational agency did not engage in consultation that was meaningful and timely, or did not give due consideration to the views of the private school official.

(II) Procedure

If the private school official wishes to submit a complaint, the official shall provide the basis of the noncompliance with this subparagraph by the local educational agency to the State educational agency, and the local educational agency shall forward the appropriate documentation to the State educational agency. If the private school official is dissatisfied with the decision of the State educational agency, such official may submit a complaint to the Secretary by providing the basis of the noncompliance with this subparagraph by the local educational agency to the Secretary, and the State educational agency shall forward the appropriate documentation to the Secretary.

(vi) Provision of equitable services

(I) Directly or through contracts

The provision of services pursuant to this subparagraph shall be provided—

- (aa) by employees of a public agency; or
- (bb) through contract by the public agency with an individual, association, agency, organization, or other entity.

(II) Secular, neutral, nonideological
Special education and related services provided to parentally placed private school children with disabilities, including materials and equipment, shall be secular, neutral, and nonideological.

(vii) Public control of funds

The control of funds used to provide special education and related services under this subparagraph, and title to materials, equipment, and property purchased with those funds, shall be in a public agency for the uses and purposes provided in this chapter, and a public agency shall administer the funds and property.

(B) Children placed in, or referred to, private schools by public agencies

(i) In general

Children with disabilities in private schools and facilities are provided special education and related services, in accordance with an individualized education program, at no cost to their parents, if such children are placed in, or referred to, such schools or facilities by the State or appropriate local educational agency as the means of carrying out the requirements of this subchapter or any other applicable law requiring the provision of special education and related services to all children with disabilities within such State.

(ii) Standards

In all cases described in clause (i), the State educational agency shall determine whether such schools and facilities meet standards that apply to State educational agencies and local educational agencies and that children so served have all the rights the children would have if served by such agencies.

(C) Payment for education of children enrolled in private schools without consent of or referral by the public agency

(i) In general

Subject to subparagraph (A), this subchapter does not require a local educational agency to pay for the cost of education, including special education and related services, of a child with a disability at a private school or facility if that agency made a free appropriate public education available to the child and the parents elected to place the child in such private school or facility.

(ii) Reimbursement for private school placement

If the parents of a child with a disability, who previously received special education and related services under the authority of a public agency, enroll the child in a private elementary school or secondary school without the consent of or referral by the public agency, a court or a hearing officer may require the agency to reimburse the parents for the cost of that enrollment if the court or hearing officer finds that the agency had not made a free appropriate public education available to the child in a timely manner prior to that enrollment.
(iii) Limitation on reimbursement

The cost of reimbursement described in clause (ii) may be reduced or denied—

(I) if—

✓ (aa) at the most recent IEP meeting that the parents attended prior to removal of the child from the public school, the parents did not inform the IEP Team that they were rejecting the placement proposed by the public agency to provide a free appropriate public education to their child, including stating their concerns and their intent to enroll their child in a private school at public expense; or
✓ (bb) 10 business days (including any holidays that occur on a business day) prior to the removal of the child from the public school, the parents did not give written notice to the public agency of the information described in item (aa);

(II) if, prior to the parents’ removal of the child from the public school, the public agency informed the parents, through the notice requirements described in section 1415(b)(3) of this title, of its intent to evaluate the child (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the child available for such evaluation; or

(III) upon a judicial finding of unreasonableness with respect to actions taken by the parents.

(iv) Exception

Notwithstanding the notice requirement in clause (iii)(I), the cost of reimbursement—

(I) shall not be reduced or denied for failure to provide such notice if—

✓ (aa) the school prevented the parent from providing such notice;
✓ (bb) the parents had not received notice, pursuant to section 1415 of this title, of the notice requirement in clause (iii)(I); or
✓ (cc) compliance with clause (iii)(I) would likely result in physical harm to the child; and

(II) may, in the discretion of a court or a hearing officer, not be reduced or denied for failure to provide such notice if—

✓ (aa) the parent is illiterate or cannot write in English; or
✓ (bb) compliance with clause (iii)(I) would likely result in serious emotional harm to the child.

(11) State educational agency responsible for general supervision
(A) In general

The State educational agency is responsible for ensuring that—

(i) the requirements of this subchapter are met;

(ii) all educational programs for children with disabilities in the State, including all such programs administered by any other State agency or local agency—

(I) are under the general supervision of individuals in the State who are responsible for educational programs for children with disabilities; and

(II) meet the educational standards of the State educational agency; and

(iii) in carrying out this subchapter with respect to homeless children, the requirements of subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.) are met.

(B) Limitation

Subparagraph (A) shall not limit the responsibility of agencies in the State other than the State educational agency to provide, or pay for some or all of the costs of, a free appropriate public education for any child with a disability in the State.

(C) Exception

Notwithstanding subparagraphs (A) and (B), the Governor (or another individual pursuant to State law), consistent with State law, may assign to any public agency in the State the responsibility of ensuring that the requirements of this subchapter are met with respect to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons.

(12) Obligations related to and methods of ensuring services

(A) Establishing responsibility for services

The Chief Executive Officer of a State or designee of the officer shall ensure that an interagency agreement or other mechanism for interagency coordination is in effect between each public agency described in subparagraph (B) and the State educational agency, in order to ensure that all services described in subparagraph (B)(i) that are needed to ensure a free appropriate public education are provided, including the provision of such services during the pendency of any dispute under clause (iii). Such agreement or mechanism shall include the following:

(i) Agency financial responsibility
An identification of, or a method for defining, the financial responsibility of each agency for providing services described in subparagraph (B)(i) to ensure a free appropriate public education to children with disabilities, provided that the financial responsibility of each public agency described in subparagraph (B), including the State medicaid agency and other public insurers of children with disabilities, shall precede the financial responsibility of the local educational agency (or the State agency responsible for developing the child's IEP).

(ii) Conditions and terms of reimbursement

The conditions, terms, and procedures under which a local educational agency shall be reimbursed by other agencies.

(iii) Interagency disputes

Procedures for resolving interagency disputes (including procedures under which local educational agencies may initiate proceedings) under the agreement or other mechanism to secure reimbursement from other agencies or otherwise implement the provisions of the agreement or mechanism.

(iv) Coordination of services procedures

Policies and procedures for agencies to determine and identify the interagency coordination responsibilities of each agency to promote the coordination and timely and appropriate delivery of services described in subparagraph (B)(i).

(B) Obligation of public agency

(i) In general

If any public agency other than an educational agency is otherwise obligated under Federal or State law, or assigned responsibility under State policy pursuant to subparagraph (A), to provide or pay for any services that are also considered special education or related services (such as, but not limited to, services described in section 1401(1) relating to assistive technology devices, 1401(2) relating to assistive technology services, 1401(26) relating to related services, 1401(33) relating to supplementary aids and services, and 1401(34) of this title relating to transition services) that are necessary for ensuring a free appropriate public education to children with disabilities within the State, such public agency shall fulfill that obligation or responsibility, either directly or through contract or other arrangement pursuant to subparagraph (A) or an agreement pursuant to subparagraph (C).

(ii) Reimbursement for services by public agency

If a public agency other than an educational agency fails to provide or pay for the special education and related services described in clause (i), the local educational agency (or State agency responsible for developing the child's IEP) shall provide or pay for such services to the child. Such local educational agency or State agency is authorized to claim reimbursement for
the services from the public agency that failed to provide or pay for such services and such public agency shall reimburse the local educational agency or State agency pursuant to the terms of the interagency agreement or other mechanism described in subparagraph (A)(i) according to the procedures established in such agreement pursuant to subparagraph (A)(ii).

(C) Special rule

The requirements of subparagraph (A) may be met through—

(i) State statute or regulation;

(ii) signed agreements between respective agency officials that clearly identify the responsibilities of each agency relating to the provision of services; or

(iii) other appropriate written methods as determined by the Chief Executive Officer of the State or designee of the officer and approved by the Secretary.

(13) Procedural requirements relating to local educational agency eligibility

► The State educational agency will not make a final determination that a local educational agency is not eligible for assistance under this subchapter without first affording that agency reasonable notice and an opportunity for a hearing.

(14) Personnel qualifications

(A) In general

The State educational agency has established and maintains qualifications to ensure that personnel necessary to carry out this subchapter are appropriately and adequately prepared and trained, including that those personnel have the content knowledge and skills to serve children with disabilities.

(B) Related services personnel and paraprofessionals

The qualifications under subparagraph (A) include qualifications for related services personnel and paraprofessionals that—

(i) are consistent with any State-approved or State-recognized certification, licensing, registration, or other comparable requirements that apply to the professional discipline in which those personnel are providing special education or related services;

(ii) ensure that related services personnel who deliver services in their discipline or profession meet the requirements of clause (i) and have not had certification or licensure requirements waived on an emergency, temporary, or provisional basis; and
(iii) allow paraprofessionals and assistants who are appropriately trained and supervised, in accordance with State law, regulation, or written policy, in meeting the requirements of this subchapter to be used to assist in the provision of special education and related services under this subchapter to children with disabilities.

(C) Qualifications for special education teachers

The qualifications described in subparagraph (A) shall ensure that each person employed as a special education teacher in the State who teaches elementary school, middle school, or secondary school is highly qualified by the deadline established in section 6319(a)(2) of this title.

(D) Policy

In implementing this section, a State shall adopt a policy that includes a requirement that local educational agencies in the State take measurable steps to recruit, hire, train, and retain highly qualified personnel to provide special education and related services under this subchapter to children with disabilities.

(E) Rule of construction

Notwithstanding any other individual right of action that a parent or student may maintain under this subchapter, nothing in this paragraph shall be construed to create a right of action on behalf of an individual student for the failure of a particular State educational agency or local educational agency staff person to be highly qualified, or to prevent a parent from filing a complaint about staff qualifications with the State educational agency as provided for under this subchapter.

(15) Performance goals and indicators

The State—

(A) has established goals for the performance of children with disabilities in the State that—

(i) promote the purposes of this chapter, as stated in section 1400(d) of this title;

(ii) are the same as the State's definition of adequate yearly progress, including the State's objectives for progress by children with disabilities, under section 6311(b)(2)(C) of this title;

(iii) address graduation rates and dropout rates, as well as such other factors as the State may determine; and

(iv) are consistent, to the extent appropriate, with any other goals and standards for children established by the State;
(B) has established performance indicators the State will use to assess progress toward achieving the goals described in subparagraph (A), including measurable annual objectives for progress by children with disabilities under section 6311(b)(2)(C)(v)(II)(cc) of this title; and

(C) will annually report to the Secretary and the public on the progress of the State, and of children with disabilities in the State, toward meeting the goals established under subparagraph (A), which may include elements of the reports required under section 6311(h) of this title.

(16) Participation in assessments

(A) In general

All children with disabilities are included in all general State and districtwide assessment programs, including assessments described under section 6311 of this title, with appropriate accommodations and alternate assessments where necessary and as indicated in their respective individualized education programs.

(B) Accommodation guidelines

The State (or, in the case of a districtwide assessment, the local educational agency) has developed guidelines for the provision of appropriate accommodations.

(C) Alternate assessments

(i) In general

The State (or, in the case of a districtwide assessment, the local educational agency) has developed and implemented guidelines for the participation of children with disabilities in alternate assessments for those children who cannot participate in regular assessments under subparagraph (A) with accommodations as indicated in their respective individualized education programs.

(ii) Requirements for alternate assessments

The guidelines under clause (i) shall provide for alternate assessments that—

(I) are aligned with the State's challenging academic content standards and challenging student academic achievement standards; and

(II) if the State has adopted alternate academic achievement standards permitted under the regulations promulgated to carry out section 6311(b)(1) of this title, measure the achievement of children with disabilities against those standards.

(iii) Conduct of alternate assessments

The State conducts the alternate assessments described in this subparagraph.
(D) Reports

The State educational agency (or, in the case of a districtwide assessment, the local educational agency) makes available to the public, and reports to the public with the same frequency and in the same detail as it reports on the assessment of nondisabled children, the following:

(i) The number of children with disabilities participating in regular assessments, and the number of those children who were provided accommodations in order to participate in those assessments.

(ii) The number of children with disabilities participating in alternate assessments described in subparagraph (C)(ii)(I).

(iii) The number of children with disabilities participating in alternate assessments described in subparagraph (C)(ii)(II).

(iv) The performance of children with disabilities on regular assessments and on alternate assessments (if the number of children with disabilities participating in those assessments is sufficient to yield statistically reliable information and reporting that information will not reveal personally identifiable information about an individual student), compared with the achievement of all children, including children with disabilities, on those assessments.

(E) Universal design

The State educational agency (or, in the case of a districtwide assessment, the local educational agency) shall, to the extent feasible, use universal design principles in developing and administering any assessments under this paragraph.

(17) Supplementation of State, local, and other Federal funds

(A) Expenditures

Funds paid to a State under this subchapter will be expended in accordance with all the provisions of this subchapter.

(B) Prohibition against commingling

Funds paid to a State under this subchapter will not be commingled with State funds.

(C) Prohibition against supplantation and conditions for waiver by Secretary

Except as provided in section 1413 of this title, funds paid to a State under this subchapter will be used to supplement the level of Federal, State, and local funds (including funds that are not under the direct control of State or local educational agencies) expended for special education and related services provided to children with disabilities under this subchapter and in no case to supplant such Federal, State, and local funds, except that, where the State provides clear and
convincing evidence that all children with disabilities have available to them a free appropriate public education, the Secretary may waive, in whole or in part, the requirements of this subparagraph if the Secretary concurs with the evidence provided by the State.

(18) Maintenance of State financial support

(A) In general

The State does not reduce the amount of State financial support for special education and related services for children with disabilities, or otherwise made available because of the excess costs of educating those children, below the amount of that support for the preceding fiscal year.

(B) Reduction of funds for failure to maintain support

The Secretary shall reduce the allocation of funds under section 1411 of this title for any fiscal year following the fiscal year in which the State fails to comply with the requirement of subparagraph (A) by the same amount by which the State fails to meet the requirement.

(C) Waivers for exceptional or uncontrollable circumstances

The Secretary may waive the requirement of subparagraph (A) for a State, for 1 fiscal year at a time, if the Secretary determines that—

(i) granting a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State; or

(ii) the State meets the standard in paragraph (17)(C) for a waiver of the requirement to supplement, and not to supplant, funds received under this subchapter.

(D) Subsequent years

If, for any year, a State fails to meet the requirement of subparagraph (A), including any year for which the State is granted a waiver under subparagraph (C), the financial support required of the State in future years under subparagraph (A) shall be the amount that would have been required in the absence of that failure and not the reduced level of the State's support.

(19) Public participation

Prior to the adoption of any policies and procedures needed to comply with this section (including any amendments to such policies and procedures), the State ensures that there are public hearings, adequate notice of the hearings, and an opportunity for comment available to the general public, including individuals with disabilities and parents of children with disabilities.

(20) Rule of construction
In complying with paragraphs (17) and (18), a State may not use funds paid to it under this subchapter to satisfy State-law mandated funding obligations to local educational agencies, including funding based on student attendance or enrollment, or inflation.

(21) State advisory panel

(A) In general

The State has established and maintains an advisory panel for the purpose of providing policy guidance with respect to special education and related services for children with disabilities in the State.

(B) Membership

Such advisory panel shall consist of members appointed by the Governor, or any other official authorized under State law to make such appointments, be representative of the State population, and be composed of individuals involved in, or concerned with, the education of children with disabilities, including—

(i) parents of children with disabilities (ages birth through 26);

(ii) individuals with disabilities;

(iii) teachers;

(iv) representatives of institutions of higher education that prepare special education and related services personnel;

(v) State and local education officials, including officials who carry out activities under subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.);

(vi) administrators of programs for children with disabilities;

(vii) representatives of other State agencies involved in the financing or delivery of related services to children with disabilities;

(viii) representatives of private schools and public charter schools;

(ix) not less than 1 representative of a vocational, community, or business organization concerned with the provision of transition services to children with disabilities;

(x) a representative from the State child welfare agency responsible for foster care; and

(xi) representatives from the State juvenile and adult corrections agencies.

(C) Special rule
A majority of the members of the panel shall be individuals with disabilities or parents of children with disabilities (ages birth through 26).

(D) Duties

The advisory panel shall—

(i) advise the State educational agency of unmet needs within the State in the education of children with disabilities;

(ii) comment publicly on any rules or regulations proposed by the State regarding the education of children with disabilities;

(iii) advise the State educational agency in developing evaluations and reporting on data to the Secretary under section 1418 of this title;

(iv) advise the State educational agency in developing corrective action plans to address findings identified in Federal monitoring reports under this subchapter; and

(v) advise the State educational agency in developing and implementing policies relating to the coordination of services for children with disabilities.

(22) Suspension and expulsion rates

(A) In general

The State educational agency examines data, including data disaggregated by race and ethnicity, to determine if significant discrepancies are occurring in the rate of long-term suspensions and expulsions of children with disabilities—

(i) among local educational agencies in the State; or

(ii) compared to such rates for nondisabled children within such agencies.

(B) Review and revision of policies

If such discrepancies are occurring, the State educational agency reviews and, if appropriate, revises (or requires the affected State or local educational agency to revise) its policies, procedures, and practices relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards, to ensure that such policies, procedures, and practices comply with this chapter.

(23) Access to instructional materials

(A) In general
The State adopts the National Instructional Materials Accessibility Standard for the purposes of providing instructional materials to blind persons or other persons with print disabilities, in a timely manner after the publication of the National Instructional Materials Accessibility Standard in the Federal Register.

(B) Rights of State educational agency

Nothing in this paragraph shall be construed to require any State educational agency to coordinate with the National Instructional Materials Access Center. If a State educational agency chooses not to coordinate with the National Instructional Materials Access Center, such agency shall provide an assurance to the Secretary that the agency will provide instructional materials to blind persons or other persons with print disabilities in a timely manner.

(C) Preparation and delivery of files

If a State educational agency chooses to coordinate with the National Instructional Materials Access Center, not later than 2 years after December 3, 2004, the agency, as part of any print instructional materials adoption process, procurement contract, or other practice or instrument used for purchase of print instructional materials, shall enter into a written contract with the publisher of the print instructional materials to—

(i) require the publisher to prepare and, on or before delivery of the print instructional materials, provide to the National Instructional Materials Access Center electronic files containing the contents of the print instructional materials using the National Instructional Materials Accessibility Standard; or

(ii) purchase instructional materials from the publisher that are produced in, or may be rendered in, specialized formats.

(D) Assistive technology

In carrying out this paragraph, the State educational agency, to the maximum extent possible, shall work collaboratively with the State agency responsible for assistive technology programs.

(E) Definitions

In this paragraph:

(i) National Instructional Materials Access Center

The term “National Instructional Materials Access Center” means the center established pursuant to section 1474(e) of this title.

(ii) National Instructional Materials Accessibility Standard
The term “National Instructional Materials Accessibility Standard” has the meaning given the term in section 1474(e)(3)(A) of this title.

(iii) Specialized formats

The term “specialized formats” has the meaning given the term in section 1474(e)(3)(D) of this title.

(24) Overidentification and disproportionality

► The State has in effect, consistent with the purposes of this chapter and with section 1418(d) of this title, policies and procedures designed to prevent the inappropriate overidentification or disproportionate representation by race and ethnicity of children as children with disabilities, including children with disabilities with a particular impairment described in section 1401 of this title.

(25) Prohibition on mandatory medication

(A) In general

The State educational agency shall prohibit State and local educational agency personnel from requiring a child to obtain a prescription for a substance covered by the Controlled Substances Act (21 U.S.C. 801 et seq.) as a condition of attending school, receiving an evaluation under subsection (a) or (c) of section 1414 of this title, or receiving services under this chapter.

(B) Rule of construction

Nothing in subparagraph (A) shall be construed to create a Federal prohibition against teachers and other school personnel consulting or sharing classroom-based observations with parents or guardians regarding a student's academic and functional performance, or behavior in the classroom or school, or regarding the need for evaluation for special education or related services under paragraph (3).

(b) State educational agency as provider of free appropriate public education or direct services

If the State educational agency provides free appropriate public education to children with disabilities, or provides direct services to such children, such agency—

► (1) shall comply with any additional requirements of section 1413(a) of this title, as if such agency were a local educational agency; and

► (2) may use amounts that are otherwise available to such agency under this subchapter to serve those children without regard to section 1413(a)(2)(A)(i) of this title (relating to excess costs).

(c) Exception for prior State plans
(1) In general

► If a State has on file with the Secretary policies and procedures that demonstrate that such State meets any requirement of subsection (a), including any policies and procedures filed under this subchapter as in effect before the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the Secretary shall consider such State to have met such requirement for purposes of receiving a grant under this subchapter.

(2) Modifications made by State

► Subject to paragraph (3), an application submitted by a State in accordance with this section shall remain in effect until the State submits to the Secretary such modifications as the State determines necessary. This section shall apply to a modification to an application to the same extent and in the same manner as this section applies to the original plan.

(3) Modifications required by the Secretary

► If, after the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the provisions of this chapter are amended (or the regulations developed to carry out this chapter are amended), there is a new interpretation of this chapter by a Federal court or a State's highest court, or there is an official finding of noncompliance with Federal law or regulations, then the Secretary may require a State to modify its application only to the extent necessary to ensure the State's compliance with this subchapter.

(d) Approval by the Secretary

(1) In general

► If the Secretary determines that a State is eligible to receive a grant under this subchapter, the Secretary shall notify the State of that determination.

(2) Notice and hearing

► The Secretary shall not make a final determination that a State is not eligible to receive a grant under this subchapter until after providing the State—

(A) with reasonable notice; and

(B) with an opportunity for a hearing.

(e) Assistance under other Federal programs

Nothing in this chapter permits a State to reduce medical and other assistance available, or to alter eligibility, under titles V and XIX of the Social Security Act [42 U.S.C. 701 et seq., 1396 et seq.] with respect to the provision of a free appropriate public education for children with disabilities in the State.
(f) By-pass for children in private schools

(1) In general

If, on December 2, 1983, a State educational agency was prohibited by law from providing for the equitable participation in special programs of children with disabilities enrolled in private elementary schools and secondary schools as required by subsection (a)(10)(A), or if the Secretary determines that a State educational agency, local educational agency, or other entity has substantially failed or is unwilling to provide for such equitable participation, then the Secretary shall, notwithstanding such provision of law, arrange for the provision of services to such children through arrangements that shall be subject to the requirements of such subsection.

(2) Payments

(A) Determination of amounts

If the Secretary arranges for services pursuant to this subsection, the Secretary, after consultation with the appropriate public and private school officials, shall pay to the provider of such services for a fiscal year an amount per child that does not exceed the amount determined by dividing—

(i) the total amount received by the State under this subchapter for such fiscal year; by

(ii) the number of children with disabilities served in the prior year, as reported to the Secretary by the State under section 1418 of this title.

(B) Withholding of certain amounts

Pending final resolution of any investigation or complaint that may result in a determination under this subsection, the Secretary may withhold from the allocation of the affected State educational agency the amount the Secretary estimates will be necessary to pay the cost of services described in subparagraph (A).

(C) Period of payments

The period under which payments are made under subparagraph (A) shall continue until the Secretary determines that there will no longer be any failure or inability on the part of the State educational agency to meet the requirements of subsection (a)(10)(A).

(3) Notice and hearing

(A) In general

The Secretary shall not take any final action under this subsection until the State educational agency affected by such action has had an opportunity, for not less than 45 days after receiving written notice thereof, to submit written objections and to appear before the Secretary or the Secretary's designee to show cause why such action should not be taken.
(B) Review of action

If a State educational agency is dissatisfied with the Secretary's final action after a proceeding under subparagraph (A), such agency may, not later than 60 days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which the Secretary based the Secretary's action, as provided in section 2112 of title 28.

(C) Review of findings of fact

The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify the Secretary's previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(D) Jurisdiction of court of appeals; review by United States Supreme Court

Upon the filing of a petition under subparagraph (B), the United States court of appeals shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

References in Text

The Controlled Substances Act, referred to in subsec. (a)(25)(A), is title II of Pub. L. 91–513, Oct. 27, 1970, 84 Stat. 1242, as amended, which is classified principally to subchapter I (§801 et seq.) of chapter 13 of Title 21, Food and Drugs. For complete classification of this Act to the Code, see Short Title note set out under section 801 of Title 21 and Tables.

For the effective date of the Individuals with Disabilities Education Improvement Act of 2004, referred to in subsec. (c)(1), (3), see section 302(a), (b) of Pub. L. 108–446, set out as an Effective Date note under section 1400 of this title.
The Social Security Act, referred to in subsec. (e), is act Aug. 14, 1935, ch. 531, 49 Stat. 620, as amended. Titles V and XIX of the Act are classified generally to subchapters V (§701 et seq.) and XIX (§1396 et seq.), respectively, of chapter 7 of Title 42, The Public Health and Welfare. For complete classification of this Act to the Code, see section 1305 of Title 42 and Tables.

Prior Provisions
