Jurisdiction	Regulatory provisions for social work emergency responders and COVID-19 policy actions as of May 7, 2021	Provision and/or Policy actions	Covid-19 policy action issued
Minnesota	<p>Minnesota Board of Social Work Guidance Statement  <a href="https://mn.gov/boards/social-work/resources/covid19information.jsp">https://mn.gov/boards/social-work/resources/covid19information.jsp</a>            Board of Social Work Action March 20, 2020            Board took action to approve three, time-limited variances under its authority, based on Minnesota Statutes section 148E.035.            The variances do not compromise public protection but rather support public protection and the capacity for ethical practice during this "peacetime state of emergency", in alignment with the State's response to ease the burden on affected citizens based on the pandemic.            Time-Limited Variances Include:            Continuing Education            -For all social work licenses that expire between February 29, 2020, and February 28, 2022, there will be no limit on the amount of independent study hours that may be used to complete the continuing education hours required for renewal of the license.            Licensing Supervision            -For all social work licenses that expire between February 29, 2020, and February 28, 2022, there will be no limit on the amount of supervision hours that may be conducted via telephone or eye-to-eye-electronic media while maintaining visual contact, excluding email, for any supervision hours that are reported upon renewal of the license.  <b>Licensing Application Close Dates</b></p> <p>Resources            -The Board encourages licensees to refer to the Minnesota Department of Health and the Centers for Disease Control for information. The Board encourages everyone to be safe and take reasonable precautions to ensure personal safety, safety in your agencies and for your clients.</p>	<p>Guidance Statements             GS: For licenses that expire between 2/29/2020 and 2/28/2022            1) CE - No limit on independent study hours 2) <b>Supervision - No limit on supervision hours conducted remotely as defined</b></p> <p>Executive Order             EO 20-23: 1) Defers CE requirements until the first reporting cycle following the termination EO 20-01 2) License applications may be processed without the required fingerprints until the termination EO 20-01 3) EO 20-28 Permits telehealth by out-of-state social workers until EO 20-21 is terminated 4) State of Emergency scheduled to expire 05/13/21</p> <p>Temporary license</p>	Yes

Maximum Hours Distance Supervision Allowed	Acceptable Methods of Distance Supervision	Definition of Distance Supervision
Alabama	Licensed Independent Clinical Social Worker	Yes	96 hours	N/A	AAC 850-X-3-.04 Supervision Requirements for LBSW, LMSW, LCSW  (3) Licensed Master Social Worker Clinical Social Work. After receiving a license from the board to practice as a licensed master social worker, the licensed master social worker must obtain at least 96 hours of supervision according to the requirements of this section. (a) The supervision required in this section must be obtained within a minimum of 2 years and a maximum of 3 years post masters social work practice authorized by law. No more than two hours of supervision can be obtained within two weeks for a total of 96 hours of clinical supervision according to the requirements of this section. (b) Supervision must be concurrent with employment. Employment shall constitute no less than 10 hours per week of social work practice. The supervision required by this section must be obtained in no less than 3,000 work hours of post masters experience and an approved application within a minimum of 2 years and a maximum of 4 years postmasters social work practice authorized by law. (c) Of the 96 hours of supervision required in this section the board considers supervision toward licensure to be supervision which promotes professional growth. Therefore, all supervision modalities must encourage clear, accurate communication between the supervisor and the supervisee, including case-based communication that meets standards for confidentiality. Though the board favors supervision modalities in which the supervisor and supervisee are in the same geographical place for a substantial part of the supervision time, the board also recognizes that some current and future technology, such as using reliable, technologically-secure computer cameras and microphones, can allow personal face-to-face, though remote, interaction, and can support professional growth. Supervision modalities	4 hours per month	Yes		Individual supervision is defined as one supervisee meeting face-to-face with one supervisor. It can also be live, interactive, visual communication as long as all three components are met during the session.	
Alaska	Licensed Clinical Social Worker	Yes	100 hours				Yes		Distance supervision may be granted by exception by the board.  To receive the exception an applicant who practices in a remote location must, before the supervision begins, submit a written request to the board to allow supervision by telephonic or electronic means.  The board will approve a request for telephonic or electronic supervision of an applicant who practices in a remote location if the board determines that (1) approved clinical supervisors are not practicing at, or within a reasonable distance of, that location; or (2) the approved clinical supervisors practicing at that location cannot provide appropriate supervision because of the supervisor's relationship to the applicant, a possible conflict of interest, or other good cause shown. (e) For good cause shown to the board's satisfaction, the board will accept an alternate plan of supervision that varies from the requirement of this section, if the applicant: (1) submits the alternate plan in writing to the board; and (2) receives approval of the alternate plan by the board before the applicant begins the alternate supervised experience.
