Subject: **Discussion of Potential Amendments to Clarify Telehealth Law for Associates and Trainees**

This memo serves as a continuation of the discussion that was started at the Committee's June 25, 2021 meeting.

A common question, especially now due to the COVID-19 state of emergency, is whether associates and trainees are permitted to provide services to clients via telehealth. The Committee has determined a need to clarify this further in statute.

(Note: Associates are individuals who have graduated from their master's degree program and have registered with the Board to gain their required supervised experience hours. Trainees are still in their master's degree program.)

Associates and Telehealth

Marriage and family therapist associates (AMFTs) and trainees are both explicitly permitted to perform services via telehealth. Licensed Marriage and Family Therapist (LMFT) law states the following (Business and Professions Code (BPC) §4980.43.3(i)):

§4980.43.3(i) An associate or a trainee may provide services via telehealth that are in the scope of practice outlined in this chapter.

The Licensed Clinical Social Workers (LCSW) and Licensed Professional Clinical Counselors (LPCC) practice acts are silent about the matter. However, associate clinical social workers (ASWs) and associate professional clinical counselors (APCCs) are permitted to perform services via telehealth because of BPC §2290.5, which defines a health care provider who performs telehealth as the following:

BPC §2290.5(a)(3) "Health care provider" means any of the following:

(A) A person who is licensed under this division.

(B) An associate marriage and family therapist or marriage and family therapist trainee functioning pursuant to Section 4980.43.3.

(C) A qualified autism service provider or qualified autism service professional certified by a national entity pursuant to Section 1374.73 of the Health and Safety Code and Section 10144.51 of the Insurance Code.

The reason that ASWs and APCCs are permitted to perform services via telehealth, even though not explicitly stated, is because BPC §23.8 states that when “licensees” are referred to in the Business and Professions Code, the term also includes registrants (associates). This means when BPC §2290.5 defines a “health care provider” as anyone licensed under Division 2 of the Business and Professions Code, this also includes all registrants. Therefore, AMFT, ASW, and APCC associates technically do not need to be specifically listed in the definition of a health care provider in BPC §2290.5 in order to be permitted to practice via telehealth.

However, the fact that AMFTs are listed in the definition but APCCs and ASWs are not has led to confusion about whether ASWs and APCCs can perform services via telehealth. They can, because of BPC §23.8. However, this is a subtle distinction for those not familiar with law, and it would be helpful to clarify it by specifically listing them in BPC §2290.5 as being able to perform services via telehealth, since AMFTs are specifically listed.

Due to the above, the Board is pursuing an amendment in this year’s omnibus bill to include ASWs and APCCs in the definition of health care providers who may provide services via telehealth in BPC §2290.5.

In summary, the law already establishes that all of the Board’s associates may provide services via telehealth, and the Board is already taking steps to clarify this in the law.

Proposed Amendments (Attachment A):

- Amend BPC sections 4996.23.2(k) (LCSW law) and 4999.46.3(j) (LPCC law) to correspond with the already existing clarification in 4980.43.3(i) of LMFT law that associates may perform services via telehealth.

Trainees and Telehealth

The law does not specifically address whether social work interns (the social work profession uses the term “intern” instead of “trainee”) and professional clinical counselor trainees (PCC trainees) may provide services via telehealth

These trainees are presumably not included in the definition of a “licensee” in BPC 23.8 like associates are, because they are not in any way registered with the Board and are not regulated by the Board yet.

MFT trainees are already included as providers who can perform services via telehealth, because this is explicitly stated in BPC §§2290.5, and 4980.43.3(i). However, the law is silent on this for social work interns and PCC trainees. Social work interns and PCC trainees are not permitted to count pre-degree hours like MFT trainees are, and therefore, it should be noted that their supervision requirements are less stringent.

Proposed Amendments (Attachment A):

- Amend BPC section 2290.5 to specify that professional clinical counselor trainees may provide services via telehealth. (Note: NASW-CA has expressed a preference that a similar clarification for social work interns not be made. They note that social work schools already have their own policies.)
- Amend BPC section 4999.46.3(j) (LPCC law) to correspond with the already existing clarification in 4980.43.3(i) of LMFT law that trainees may perform services via telehealth. (Note: NASW-CA has expressed a preference that a similar clarification for social work interns not be made for the same reason specified above.)
- Amendments to BPC sections 4980.42(LMFT law) and 4999.36 (LPCC law) to state trainee experience via telehealth is at the discretion of the school, the supervisor, or both the school and the supervisor together.

Practicum Clarification: “Face-to-Face” Requirement

Should the Board determine that all trainees may provide services via telehealth, a question arises about the “face-to-face” practicum hours required as part of the degree programs leading to LMFT and LPCC licensure.

At the last meeting, the Committee discussed clarifying whether “face-to-face” hours must be in person, via telehealth, or some combination of the two.

Both MFT and PCC trainees must, as part of their qualifying degree program, gain a specified number of “face-to-face” practicum experience hours counseling individuals, families or groups. This requirement can be found in the current degree program requirements in BPC sections 4980.36(d)(1)(B)(ii) and (vi) (for LMFT in-state applicants) 4980.78(b)(1)(C) (for LMFT out-of-state applicants), 4999.33(c)(3)(K) (for LPCC in-state applicants), and 4999.62(b)(1)(C) (for LPCC out-of-state applicants).

The reference to “face-to-face” practicum experience hours can also be found in the degree program requirements for older degrees: BPC sections 4980.37(c)(2) (LMFT in-state applicants) and 4999.32(c)(3)(l) (LPCC in-state applicants). To qualify for licensure under the degree program requirements of these sections, the degree must have been completed by December 2018. Because of this, staff does not believe the language in these sections should be changed.

Proposed Amendments (Attachment B):

- Delete the “face-to-face” reference in the practicum requirements in BPC §§ 4980.36 (current LMFT degrees), 4980.78 (out-of-state LMFT applicants), 4999.33 (current LPCC degrees), and 4999.62 (out-of-state LPCC applicants). The change was not made in 4980.37 (LMFT older degrees) and 4999.32 (older

LPCC degrees) because degrees accepted under these requirements have already been completed.

- Amend the practicum experience requirement to state that the school, the supervisor, or both the school and the supervisor may utilize their discretion to incorporate a mix of in-person and telehealth experience. (This change is being made in BPC §§ 4980.36 (current LMFT degrees), 4980.78 (out-of-state LMFT applicants), 4999.33 (current LPCC degrees), and 4999.62 (out-of-state LPCC applicants). The change was not made in 4980.37 (LMFT older degrees) and 4999.32 (older LPCC degrees) because degrees accepted under these requirements have already been completed.)

Clarification for LCSW Experience Hours: “Face-to-Face” Requirement

ASWs also are required by law to obtain at least 750 “face-to-face” individual or group psychotherapy hours in the context of clinical social work services (BPC §4996.23(d)(2)). The Committee may wish to discuss clarifying whether these “face-to-face” hours must be in person, via telehealth, or some combination of the two.

Staff believes the main intent of this sentence is to ensure that ASWs gain a specific amount of experience hours directly related to clinical social work. However, as telehealth becomes more prevalent, the use of the term “face-to-face” in this context has caused some confusion. Staff does not believe the intent of the law was to distinguish whether or not these hours are gained in-person or via telehealth. Given that associates are already permitted to perform services via telehealth, and allowance of telehealth hours is at the discretion of the supervisor, staff recommends striking the term “face-to-face” in this sentence.

Staff believes the term “face-to-face” can be struck because we are making clarifications elsewhere in law that experience hours can be gained by associates via telehealth. Unless the Board wants to make a special exception for these type of hours, which staff does not believe is the intent, it is not necessary to affirmatively state how each type associate experience hours must be gained.

Proposed Amendment (Attachment C):

- Strike the term “face-to-face” in BPC section 4996.23(d)(2).

Recommendation

Conduct an open discussion regarding the proposed amendments in **Attachments A, B, and C**. Direct staff to make any discussed amendments, and any non-substantive amendments, and bring to the Policy and Advocacy Committee for consideration.

BPC §2290.5.

(a) For purposes of this division, the following definitions shall apply:

(1) “Asynchronous store and forward” means the transmission of a patient’s medical information from an originating site to the health care provider at a distant site.

(2) “Distant site” means a site where a health care provider who provides health care services is located while providing these services via a telecommunications system.

(3) “Health care provider” means any of the following:

(A) A person who is licensed under this division.

(B) An associate marriage and family therapist or marriage and family therapist trainee functioning pursuant to Section 4980.43.3.

(C) A qualified autism service provider or qualified autism service professional certified by a national entity pursuant to Section 1374.73 of the Health and Safety Code and Section 10144.51 of the Insurance Code.

(D) An associate clinical social worker functioning pursuant to Section 4996.23.2.

(E) An associate professional clinical counselor or professional clinical counselor trainee functioning pursuant to Section 4999.46.3.

(4) “Originating site” means a site where a patient is located at the time health care services are provided via a telecommunications system or where the asynchronous store and forward service originates.

(5) “Synchronous interaction” means a real-time interaction between a patient and a health care provider located at a distant site.

(6) “Telehealth” means the mode of delivering health care services and public health via information and communication technologies to facilitate the diagnosis, consultation, treatment, education, care management, and self-management of a patient’s health care. Telehealth facilitates patient self-management and caregiver support for patients and includes synchronous interactions and asynchronous store and forward transfers.

(b) Before the delivery of health care via telehealth, the health care provider initiating the use of telehealth shall inform the patient about the use of telehealth and obtain verbal or written consent from the patient for the use of telehealth as an acceptable mode of delivering health care services and public health. The consent shall be documented.

(c) This section does not preclude a patient from receiving in-person health care delivery services during a specified course of health care and treatment after agreeing to receive services via telehealth.

- (d) The failure of a health care provider to comply with this section shall constitute unprofessional conduct. Section 2314 shall not apply to this section.
- (e) This section shall not be construed to alter the scope of practice of a health care provider or authorize the delivery of health care services in a setting, or in a manner, not otherwise authorized by law.
- (f) All laws regarding the confidentiality of health care information and a patient's rights to the patient's medical information shall apply to telehealth interactions.
- (g) All laws and regulations governing professional responsibility, unprofessional conduct, and standards of practice that apply to a health care provider under the health care provider's license shall apply to that health care provider while providing telehealth services.
- (h) This section shall not apply to a patient under the jurisdiction of the Department of Corrections and Rehabilitation or any other correctional facility.
- (i) (1) Notwithstanding any other law and for purposes of this section, the governing body of the hospital whose patients are receiving the telehealth services may grant privileges to, and verify and approve credentials for, providers of telehealth services based on its medical staff recommendations that rely on information provided by the distant-site hospital or telehealth entity, as described in Sections 482.12, 482.22, and 485.616 of Title 42 of the Code of Federal Regulations.
- (2) By enacting this subdivision, it is the intent of the Legislature to authorize a hospital to grant privileges to, and verify and approve credentials for, providers of telehealth services as described in paragraph (1).
- (3) For the purposes of this subdivision, "telehealth" shall include "telemedicine" as the term is referenced in Sections 482.12, 482.22, and 485.616 of Title 42 of the Code of Federal Regulations.

§ 4980.42. TRAINEES' SERVICES

- (a) Trainees performing services in any work setting specified in Section 4980.43.3 may perform those activities and services as a trainee, provided that the activities and services constitute part of the trainee's supervised course of study and that the person is designated by the title "trainee."
- (b) Trainees subject to Section 4980.37 may gain hours of experience and counsel clients outside of the required practicum. This subdivision shall apply to hours of experience gained and client counseling provided on and after January 1, 2012.
- (c) Trainees subject to Section 4980.36 may gain hours of experience outside of the required practicum but must be enrolled in a practicum course to counsel clients. Trainees subject to Section 4980.36 may counsel clients while not enrolled in a practicum course if the period of lapsed enrollment is less than 90 calendar days, and if that period is immediately preceded by enrollment in a practicum course and

immediately followed by enrollment in a practicum course or completion of the degree program.

- (d) All hours of experience gained pursuant to subdivisions (b) and (c) shall be subject to the other requirements of this chapter.
- (e) All hours of experience gained as a trainee shall be coordinated between the school and the site where the hours are being accrued. The school shall approve each site and shall have a written agreement with each site that details each party's responsibilities, including the methods by which supervision shall be provided. The agreement shall provide for regular progress reports and evaluations of the student's performance at the site. If an applicant has gained hours of experience while enrolled in an institution other than the one that confers the qualifying degree, it shall be the applicant's responsibility to provide to the board satisfactory evidence that those hours of trainee experience were gained in compliance with this section.
- (f) The school and/or the supervisor (OR the school, the supervisor, or the school and the supervisor together) shall assess the appropriateness of allowing a trainee to gain any hours of experience via telehealth. In making the assessment, the school and/or the supervisor (OR the school, the supervisor, or the school and the supervisor together) shall take into account such factors as the ability of the trainee and the appropriateness of telehealth for the client.

BPC §4980.43.3.

- (a) A trainee, associate, or applicant for licensure shall only perform mental health and related services as an employee or volunteer, and not as an independent contractor. The requirements of this chapter regarding hours of experience and supervision shall apply equally to employees and volunteers. A trainee, associate, or applicant for licensure shall not perform any services or gain any experience within the scope of practice of the profession, as defined in Section 4980.02, as an independent contractor. While an associate may be either a paid employee or a volunteer, employers are encouraged to provide fair remuneration.
 - (1) If employed, an associate shall provide the board, upon application for licensure, with copies of the W-2 tax forms for each year of experience claimed.
 - (2) If volunteering, an associate shall provide the board, upon application for licensure, with a letter from his or her employer verifying the associate's status as a volunteer during the dates the experience was gained.
- (b) (1) A trainee shall not perform services in a private practice. A trainee may be credited with supervised experience completed in a setting that meets all of the following:
 - (A) Is not a private practice.

(B) Lawfully and regularly provides mental health counseling or psychotherapy.

(C) Provides oversight to ensure that the trainee's work at the setting meets the experience and supervision requirements in this chapter and is within the scope of practice for the profession, as defined in Section 4980.02.

(2) Only experience gained in the position for which the trainee volunteers or is employed shall qualify as supervised experience.

(c) An associate may be credited with supervised experience completed in any setting that meets both of the following:

(1) Lawfully and regularly provides mental health counseling or psychotherapy.

(2) Provides oversight to ensure that the associate's work at the setting meets the experience and supervision requirements in this chapter and is within the scope of practice for the profession, as defined in Section 4980.02.

(3) Only experience gained in the position for which the associate volunteers or is employed shall qualify as supervised experience.

(4) An applicant for registration as an associate shall not be employed or volunteer in a private practice until he or she has been issued an associate registration by the board.

(d) Any experience obtained under the supervision of a spouse, relative, or domestic partner shall not be credited toward the required hours of supervised experience. Any experience obtained under the supervision of a supervisor with whom the applicant has had or currently has a personal, professional, or business relationship that undermines the authority or effectiveness of the supervision shall not be credited toward the required hours of supervised experience.

(e) A trainee, associate, or applicant for licensure shall not receive any remuneration from patients or clients and shall only be paid by his or her employer, if an employee.

(f) A trainee, associate, or applicant for licensure shall have no proprietary interest in his or her employer's business and shall not lease or rent space, pay for furnishings, equipment, or supplies, or in any other way pay for the obligations of his or her employer.

(g) A trainee, associate, or applicant for licensure who provides voluntary services in any lawful work setting other than a private practice and who only receives reimbursement for expenses actually incurred shall be considered an employee. The board may audit an applicant for licensure who receives reimbursement for expenses and the applicant for licensure shall have the burden of demonstrating that the payment received was for reimbursement of expenses actually incurred.

(h) A trainee, associate, or applicant for licensure who receives a stipend or educational loan repayment from a program designed to encourage demographically underrepresented groups to enter the profession or to improve recruitment and retention in underserved regions or settings shall be considered an employee. The board may audit an applicant who receives a stipend or educational loan repayment and the applicant shall have the burden of demonstrating that the payment received was for the specified purposes.

(i) An associate or a trainee may provide services via telehealth that are in the scope of practice outlined in this chapter.

(j) Each educational institution preparing applicants pursuant to this chapter shall consider requiring, and shall encourage, its students to undergo individual, marital, conjoint, family, or group counseling or psychotherapy, as appropriate. Each supervisor shall consider, advise, and encourage his or her associates and trainees regarding the advisability of undertaking individual, marital, conjoint, family, or group counseling or psychotherapy, as appropriate. Insofar as it is deemed appropriate and is desired by the applicant, educational institutions and supervisors are encouraged to assist the applicant to locate counseling or psychotherapy at a reasonable cost.

**§ 4996.23.2. SUPERVISED EXPERIENCE: ACCEPTABLE SETTINGS;
ACCEPTABLE SUPERVISION PRACTICES**

(a) An associate clinical social worker or applicant for licensure shall only perform mental health and related services as an employee or as a volunteer, not as an independent contractor. The requirements of this chapter regarding hours of experience and supervision shall apply equally to employees and volunteers. An associate or applicant for licensure shall not perform any services or gain any experience within the scope of practice of the profession, as defined in Section 4996.9, as an independent contractor. While an associate may be either a paid employee or a volunteer, employers are encouraged to provide fair remuneration.

(1) If employed, an associate shall provide the board, upon application for licensure, with copies of the corresponding W-2 tax forms for each year of experience claimed.

(2) If volunteering, an associate shall provide the board, upon application for licensure, with a letter from his or her employer verifying the associate's status as a volunteer during the dates the experience was gained.

(b) "Private practice," for purposes of this chapter, is defined as a setting owned by a licensed clinical social worker, a licensed marriage and family therapist, a psychologist licensed pursuant to Chapter 6.6 (commencing with Section 2900), a licensed professional clinical counselor, a licensed physician and surgeon, or a professional corporation of any of those licensed professions.

(c) Employment in a private practice shall not commence until the applicant has been registered as an associate clinical social worker.

(d) Experience shall only be gained in a setting that meets both of the following:

(1) Lawfully and regularly provides clinical social work, mental health counseling, or psychotherapy.

(2) Provides oversight to ensure that the associate's work at the setting meets the experience and supervision requirements set forth in this chapter and is within the scope of practice for the profession as defined in Section 4996.9.

(e) Only experience gained in the position for which the associate clinical social worker volunteers or is employed shall qualify as supervised experience.

(f) Any experience obtained under the supervision of a spouse or relative by blood or marriage shall not be credited toward the required hours of supervised experience. Any experience obtained under the supervision of a supervisor with whom the applicant has had or currently has a personal, professional, or business relationship that undermines the authority or effectiveness of the supervision shall not be credited toward the required hours of supervised experience.

(g) An associate clinical social worker or applicant for licensure who provides voluntary services in any lawful work setting other than a private practice and who only receives reimbursement for expenses actually incurred shall be considered an employee. The board may audit an applicant for licensure who receives reimbursement for expenses and the applicant shall have the burden of demonstrating that the payments received were for reimbursement of expenses actually incurred.

(h) An associate clinical social worker or applicant for licensure who receives a stipend or educational loan repayment from a program designed to encourage demographically underrepresented groups to enter the profession or to improve recruitment and retention in underserved regions or settings shall be considered an employee. The board may audit an applicant who receives a stipend or educational loan repayment and the applicant shall have the burden of demonstrating that the payments received were for the specified purposes.

(i) An associate or applicant for licensure shall not receive any remuneration from patients or clients and shall only be paid by his or her employer, if an employee.

(j) An associate or applicant for licensure shall have no proprietary interest in his or her employer's business and shall not lease or rent space, pay for furnishings, equipment, or supplies, or in any other way pay for the obligations of his or her employer.

[\(k\) An associate may provide services via telehealth that are in the scope of practice outlined in this chapter.](#)

[\(k\)](#) Each educational institution preparing applicants pursuant to this chapter shall consider requiring, and shall encourage, its students to undergo individual, marital,

conjoint, family, or group counseling or psychotherapy, as appropriate. Each supervisor shall consider, advise, and encourage his or her supervisees regarding the advisability of undertaking individual, marital, conjoint, family, or group counseling or psychotherapy, as appropriate. Insofar as it is deemed appropriate and is desired by the applicant, educational institutions and supervisors are encouraged to assist the applicant to locate counseling or psychotherapy at a reasonable cost.

§ 4999.36. TRAINEE ACTIVITIES AND SERVICES; APPLICANT AND SCHOOL RESPONSIBILITIES

- (a) A clinical counselor trainee may perform activities and services provided that the activities and services constitute part of the clinical counselor trainee's supervised course of study and that the person is designated by the title "clinical counselor trainee."
- (b) All practicum and field study hours gained as a clinical counselor trainee shall be coordinated between the school and the site where hours are being accrued. The school shall approve each site and shall have a written agreement with each site that details each party's responsibilities, including the methods by which supervision shall be provided. The agreement shall provide for regular progress reports and evaluations of the student's performance at the site.
- (c) The school and/or the supervisor (OR the school, the supervisor, or the school and the supervisor together) shall assess the appropriateness of allowing a trainee to gain any hours of experience via telehealth. In making the assessment, the school and/or the supervisor (OR the school, the supervisor, or the school and the supervisor together) shall take into account such factors as the ability of the trainee and the appropriateness of telehealth for the client.
- (ed) If an applicant has gained practicum and field study hours while enrolled in an institution other than the one that confers the qualifying degree, it shall be the applicant's responsibility to provide to the board satisfactory evidence that those practicum and field study hours were gained in compliance with this section.
- (de) A clinical counselor trainee shall inform each client or patient, prior to performing any professional services, that he or she is unlicensed and under supervision.
- (ef) No hours earned while a clinical counselor trainee may count toward the 3,000 hours of required postdegree supervised experience.

§ 4999.46.3. SUPERVISED EXPERIENCE: ACCEPTABLE SETTINGS; ACCEPTABLE SUPERVISION PRACTICES

- (a) A clinical counselor trainee, associate, or applicant for licensure shall only perform mental health and related services as an employee or volunteer, and not as an independent contractor. The requirements of this chapter regarding hours of experience and supervision shall apply equally to employees and volunteers. A clinical counselor trainee, associate, or applicant for licensure shall not perform any services or gain any experience within the scope of practice of the profession, as defined in Section 4999.20, as an independent contractor. While an associate may be either a paid employee or a volunteer, employers are encouraged to provide fair remuneration.
- (1) If employed, an associate shall provide the board, upon application for licensure, with copies of the corresponding W-2 tax forms for each year of experience claimed.
 - (2) If volunteering, an associate shall provide the board, upon application for licensure, with a letter from his or her employer verifying the associate's status as a volunteer during the dates the experience was gained.
- (b) A clinical counselor trainee shall not perform services in a private practice.
- (c) A trainee shall complete the required predegree supervised practicum or field study experience in a setting that meets all of the following requirements:
- (1) Is not a private practice.
 - (2) Lawfully and regularly provides mental health counseling or psychotherapy.
 - (3) Provides oversight to ensure that the clinical counselor trainee's work at the setting meets the experience and supervision requirements in this chapter and is within the scope of practice of the profession, as defined in Section 4999.20.
 - (4) Only experience gained in the position for which the clinical counselor trainee volunteers or is employed shall qualify as supervised practicum or field study experience.
- (d) (1) An associate may be credited with supervised experience completed in any setting that meets both of the following:
- (A) Lawfully and regularly provides mental health counseling or psychotherapy.

- (B) Provides oversight to ensure that the associate's work at the setting meets the experience and supervision requirements in this chapter and is within the scope of practice for the profession, as defined in Section 4999.20.
- (2) Only experience gained in the position for which the associate volunteers or is employed shall qualify as supervised experience.
- (3) An applicant for registration as an associate shall not be employed or volunteer in a private practice until he or she has been issued an associate registration by the board.
- (e) Any experience obtained under the supervision of a spouse, relative, or domestic partner shall not be credited toward the required hours of supervised experience. Any experience obtained under the supervision of a supervisor with whom the applicant has had or currently has a personal, professional, or business relationship that undermines the authority or effectiveness of the supervision shall not be credited toward the required hours of supervised experience.
- (f) A clinical counselor trainee, associate, or applicant for licensure shall not receive any remuneration from patients or clients and shall only be paid by his or her employer, if an employee.
- (g) A clinical counselor trainee, associate, or applicant for licensure shall have no proprietary interest in his or her employer's business and shall not lease or rent space, pay for furnishings, equipment, or supplies, or in any other way pay for the obligations of his or her employer.
- (h) A clinical counselor trainee, associate, or applicant for licensure who provides voluntary services in any lawful work setting other than a private practice and who only receives reimbursement for expenses actually incurred shall be considered an employee. The board may audit an applicant for licensure who receives reimbursement for expenses and the applicant for licensure shall have the burden of demonstrating that the payments received were for reimbursement of expenses actually incurred.
- (i) A clinical counselor trainee, associate, or applicant for licensure who receives a stipend or educational loan repayment from a program designed to encourage demographically underrepresented groups to enter the profession or to improve recruitment and retention in underserved regions or settings shall be considered an employee. The board may audit an applicant who receives a stipend or educational loan repayment and the applicant shall have the burden of demonstrating that the payments were for the specified purposes.

(j) An associate or a trainee may provide services via telehealth that are in the scope of practice outlined in this chapter.

(k) Each educational institution preparing applicants pursuant to this chapter shall consider requiring, and shall encourage, its students to undergo individual, marital, conjoint, family, or group counseling or psychotherapy, as appropriate. Each supervisor shall consider, advise, and encourage his or her associates and trainees regarding the advisability of undertaking individual, marital, conjoint, family, or group counseling or psychotherapy, as appropriate. Insofar as it is deemed appropriate and is desired by the applicant, educational institutions and supervisors are encouraged to assist the applicant to locate that counseling or psychotherapy at a reasonable cost.

LMFT Current Requirements – In-State Applicants

Business and Professions Code (BPC) §4980.36(d) The degree described in subdivision (b) shall contain no less than 60 semester or 90 quarter units of instruction that includes, but is not limited to, the following requirements:

(1) Both of the following:

(A) No less than 12 semester or 18 quarter units of coursework in theories, principles, and methods of a variety of psychotherapeutic orientations directly related to marriage and family therapy and marital and family systems approaches to treatment and how these theories can be applied therapeutically with individuals, couples, families, adults, including elder adults, children, adolescents, and groups to improve, restore, or maintain healthy relationships.

(B) Practicum that involves direct client contact, as follows:

(i) A minimum of six semester or nine quarter units of practicum in a supervised clinical placement that provides supervised fieldwork experience.

Proposed Amendments Related to “Face-to-Face” Experience for ASWs: BPC §4996.23(d)(2)

Business and Professions Code (BPC) §4996.23

(a) To qualify for licensure, each applicant shall complete 3,000 hours of post-master’s degree supervised experience related to the practice of clinical social work. Except as provided in subdivision (b), experience shall not be gained until the applicant is registered as an associate clinical social worker.

(b) Preregistered postdegree hours of experience shall be credited toward licensure if all of the following apply:

(1) The registration applicant applies for the associate registration and the board receives the application within 90 days of the granting of the qualifying master’s or doctoral degree.

(2) For applicants completing graduate study on or after January 1, 2020, the experience is obtained at a workplace that, prior to the registration applicant gaining supervised experience hours, requires completed Live Scan fingerprinting. The applicant shall provide the board with a copy of that completed “State of California Request for Live Scan Service” form with the application for licensure.

(3) The board subsequently grants the associate registration.

(c) The applicant shall not be employed or volunteer in a private practice until the applicant has been issued an associate registration by the board.

(d) The experience shall be as follows:

(1) (A) At least 1,700 hours shall be gained under the supervision of a licensed clinical social worker. The remaining required supervised experience may be gained under the supervision of a physician and surgeon who is certified in psychiatry by the American Board of Psychiatry and Neurology, licensed professional clinical counselor, licensed marriage and family therapist, psychologist licensed pursuant to Chapter 6.6 (commencing with Section 2900), licensed educational psychologist, or licensed clinical social worker.

(B) A maximum of 1,200 hours gained under the supervision of a licensed educational psychologist providing educationally related mental health services that are consistent with the scope of practice of an educational psychologist, as specified in Section 4989.14.

(2) A minimum of 2,000 hours in clinical psychosocial diagnosis, assessment, and treatment, including psychotherapy or counseling; however, at least 750 hours shall be face-to-face individual or group psychotherapy provided in the context of clinical social work services.

(3) A maximum of 1,000 hours in client centered advocacy, consultation, evaluation, research, direct supervisor contact, and workshops, seminars, training sessions, or

conferences directly related to clinical social work that have been approved by the applicant's supervisor.

(4) A minimum of two years of supervised experience is required to be obtained over a period of not less than 104 weeks and shall have been gained within the six years immediately preceding the date on which the application for licensure was received by the board.

(5) No more than 40 hours of experience may be credited in any seven consecutive days.

(6) For hours gained on or after January 1, 2010, no more than six hours of supervision, whether individual, triadic, or group supervision, shall be credited during any single week.

(e) An individual who submits an application for licensure between January 1, 2016, and December 31, 2020, may alternatively qualify under the experience requirements of this section that were in place on January 1, 2015.
