

MEMORANDUM

DATE	August 25, 2026
TO	Board Members
FROM	Rosanne Helms, Legislative Manager
SUBJECT	Proposed Legislation: 2027 Omnibus Bill

Each year, staff reviews the Board's statutes to determine if technical, minor or non-substantive amendments are needed. Typically, such amendments are placed in an omnibus bill that the Legislature runs each year.

Staff has identified amendments that the Board may wish to include.

1. **Amend Business and Professions Code (BPC) §§4984.01, 4996.28, 4999.100: Clarification of Private Practice Prohibition. (Attachment A)**

Background: Current law states that an applicant with a subsequent associate registration number cannot be employed or volunteer in a private practice.

However, this statement has caused confusion, because it does not explicitly state that working in a professional corporation is also prohibited. The law as written is technically correct, because the Board's statute defines a professional corporation as a type of private practice. However, staff believes that an amendment would provide greater clarity.

Recommendation: Amend the above-listed sections to state that an associate with a subsequent associate registration number cannot be employed or volunteer in a private practice or a professional corporation.

2. **Amend BPC §4980.42: Defining Enrollment in a Practicum Course. (Attachment B)**

Background: Currently, statute requires MFT trainees to be enrolled in a practicum course in order to counsel clients, with certain specified exceptions for holiday break or summer break. However, the law does not specify whether "enrolled in a practicum course" means that the trainee is simply registered for the course, or whether the course is actively in session. The intent of the law is that the trainee be actively attending the course, but as written, the law can cause trainee and educator confusion about whether a trainee being registered for an upcoming practicum course counts as being enrolled in practicum.

Recommendation: Amend the LMFT statute to specify that “enrolled in a practicum course” means participation in a practicum course that is actively in session, with instruction and faculty oversight underway, and clarify that registration in a practicum course alone does not constitute enrollment.

3. Amend BPC §4980.43.2, 4996.23.1, 4999.46.2: Group Supervision Clarification. (Attachment C)

Background: Applicants for LMFT, LCSW, and LPCC licensure are permitted to obtain some of their required supervision hours as group supervision. The law defines group supervision as two hours of face-to-face contact between a supervisor and no more than 8 persons receiving supervision for providing clinical mental health services.

The law also states that a supervisor shall ensure that the amount and degree of supervision is appropriate for each person in the group. A concern has been raised that as written, this could be interpreted to mean that the supervisor has the ultimate authority to decide whether a supervisee receives the full two hours of required group supervision.

That is not the case; all supervisees must receive two hours of group supervision, and the law does not permit the supervisor discretion here. Requiring the supervisor to ensure appropriate supervision for all supervisees is intended to reinforce that every member of the group must receive adequate attention and guidance, and that no one should be overlooked or receive substantially less support than others.

Recommendation: Strike the sentence “A supervisor shall ensure that the amount and degree of supervision is appropriate for each person in the group,” and instead say “The supervisor shall ensure that the group supervision provides sufficient guidance to support each participant’s development and competency while maintaining the required two hours.”

4. Amend BPC §4989.20 Required LEP Experience Gained Out-of-State (Attachment D)

Background: LEP statute was recently amended, via SB 775 (Chapter 787, Statutes of 2025), to add a clear pathway to licensure for applicants who have gained some of their required experience for licensure out-of-state.

The pathway specifies what additional experience is necessary for applicants who have obtained their required two school terms as a credentialed school psychologist in-state, versus what is necessary for applicants who have gained the required two school terms out-of-state. However, it does not provide an option for an individual who has gained a mix of this required experience both in-state and out-of-state.

The intent of the law is that if the required two school terms were not completed in-state, the additional required experience must be completed in California, to ensure that all applicants are familiar with the specific laws and requirements within the California school system. Therefore, if any of the required two school terms is completed out-of-state, the applicant should follow the out-of-state pathway for their additional required experience.

Recommendation: Amend BPC 4989.20(a)(7), which is the out-of-state pathway, to specify that if any of the required two school terms as a credentialed school psychologist is gained outside of California, then the applicant needs to follow the out-of-state pathway for their additional required experience.

5. Delete BPC §4989.54(ad): LEP Unprofessional Conduct Supervision Provision (Attachment E)

Background: BPC §4989.54 specifies the unprofessional conduct provisions for the LEP practice act.

Subdivisions (ac) and (ad) pertain to supervision violations. These sections were added via AB 1651 (Chapter 321, Statutes of 2019), which added LEPs as allowable supervisors of the Board's AMFT, ASW, and APCC registration types. (Previously, LEPs had not been allowed to supervise the Board's associates.)

Subdivisions (ac) and (ad) are very similar, with (ac) already encompassing the content of (ad).

Recommendation: Delete 4989.54(ad), as its content is already included in subdivision (ac).

6. Amend BPC §4990.07: Email Address Requirement. (Attachment F)

Background: Current law requires Board applicants, registrants, and licensees who have an e-mail address to provide it to the Board and to notify the Board of any changes to that address. The address is confidential and not subject to public disclosure.

As technology continues to advance, email has become an essential tool for the Board to efficiently communicate law changes and issues affecting applicants, registrants, and licensees. Recently, other DCA Boards, including Medical Board ([BPC §2021](#)) and the Board of Vocational Nursing ([BPC §2872.3](#)) have made provision of an email address mandatory.

Recommendation: Amend BPC §4990.07 to require applicants, registrants, and licensees to provide the Board with an email address, making the requirement mandatory rather than optional.

7. Amend Evidence Code (EC) §1010: Inclusion of Social Work Interns, and Update Supervision References. (Attachment G)

Background: Evidence Code (EC) §1010 defines the term “psychotherapist” for purposes of defining the psychotherapist-patient privilege.

Although the definition of “psychotherapist” includes marriage and family therapy (MFT) and professional clinical counselor (PCC) trainees, it does not include social work interns. Staff believes social work interns should also be included.

Additionally, several referenced definitions to who may supervise the Board’s associates and trainees are incorrect or outdated. For associate marriage and family therapists (AMFTs), associate clinical social workers (ASWs), MFT trainees, and associate professional clinical counselors (APCCs), staff believes the definition of a supervisor in law should be referenced so that all requirements to be a supervisor of these pre-licensees are captured, rather than just listing acceptable license types.

A license is not required for supervisors of PCC trainees, and therefore the language specifying supervision license types for them has been removed.

*Note: EC §1010 does not include licensed educational psychologists (LEPs). However, LEPs are included separately in EC §1010.5. This section is also shown in **Attachment G** for reference purposes.*

Recommendation: Add social work interns to the definition of “psychotherapist” in the section. Reference the definition of “supervisor” in law for AMFTs, ASWs, MFT trainees, and APCCs. Remove incorrect language requiring specific supervisor license types for PCC trainees.

Recommendation

Conduct an open discussion about the proposed amendments in **Attachments A** through **G**. Direct staff to make any discussed changes, and any non-substantive changes, and to bring these proposals to the Board for consideration as a legislative proposal.
