To: Board Members

Date: October 24, 2024

From: Rosanne Helms
Legislative Manager

Subject: Proposed Legislation: Omnibus or Sunset Bill 2025

Each year, staff reviews the Board's statutes to determine if technical, minor or non-substantive amendments are needed. Typically, such amendments are placed in an omnibus bill that the Legislature runs each year, or they may be placed in the Board's sunset bill, which typically is run every 4 years.

The Board approved some amendments for inclusion in the coming year's omnibus or sunset bill at its September 2024 meeting. Staff has identified some additional amendments that the Board may wish to consider including.

1. Amend Business and Professions Code (BPC) §4999.46.2: Supervision for Professional Clinical Counselor Trainees (Both Versions) (Attachment A).

Background: BPC §4999.46.2(a)(2) discusses the amount of supervision required for professional clinical counselor trainees (PCC trainees). It states the following:

"For experience gained after January 1, 2009, no more than six hours of supervision, whether individual, triadic, or group, shall be credited during any single week."

This statement may be misleading and confusing, because PCC trainees are not permitted to count pre-degree hours. While this limitation applies to and is appropriate for marriage and family therapist trainees, who do count pre-degree hours, it is not needed for PCC trainees.

Recommendation: Delete the above sentence in BPC §4999.46.2(a)(2).

Note: BPC §4999.46.2 has two sections: one sunsetting on January 1, 2026, and another becoming effective January 1, 2026, due to past legislation allowing supervision via videoconferencing in all settings. Both sections need to be amended to preserve the change being made to law.

2. Amend BPC §§4980.43.3, 4996.23.2, and 4999.46.3: W-2 Forms for Supervised Experience Claimed (Attachment B).

Background: BPC §§ 4980.43.3(a)(1), 4996.23.2(a)(1), and 4999.46.3(a)(1) require associates applying for LMFT, LCSW, and LPCC licensure, respectively, to provide the Board with copies of their W-2 tax forms for each year of experience claimed upon application for licensure.

An associate may not have a W-2 tax form yet for experience gained in the current tax year in which they are applying for licensure. In that case, the Board requests a copy of the most recent pay stub for that year.

Recommendation: Add clarifying language to each of the above-listed sections stating if the W-2 is not available for experience gained during the tax year that has not ended yet, then the associate needs to provide the Board with a copy of the most recent pay stub.

3. Amend BPC §§ 4982, 4989.54, and 4992.3: Unprofessional Conduct Provisions for Telehealth (Attachment C).

Background: BPC §§4982, 4989.54, 4992.3, and 4999.90 contain the unprofessional conduct provisions for the LMFT, LEP, LCSW, and LPCC practice acts, respectively.

Each of these sections contains a provision making it unprofessional conduct to violate BPC [§2290.5](#), which is the section of law that outlines the requirements for the provision of health care services via telehealth. However, each section uses slightly different language to state that violating BPC §2290.5 is unprofessional conduct, as follows:

LMFT and LCSW statute (BPC §§4982(z), 4992.3(aa)) are worded as:

“Failure to comply with Section 2290.5.”

LEP statute (BPC §4989.54(d)) is worded as:

“Failure to comply with the consent provisions in Section 2290.5.”

LPCC statute (BPC §§4999.90(ac)) is worded as:

“Failing to comply with the procedures set forth in Section 2290.5 when delivering health care via telehealth.”

To ensure consistency and clarity, each of these four subdivisions should all utilize the same language to state that a violation of BPC §2290.5 constitutes

unprofessional conduct. Staff recommends that the language from LPCC statute, BPC [§4999.90\(ac\)](#) be used.

Recommendation: Amend BPC §§4982(z), 4989.54(d), and 4992.3(aa) to use the same language used in LPCC statute (BPC §4999.90(ac)).

4. Amend BPC §4980.38: Degree Program Certification of Meeting Registration and Licensure Requirements (Attachment D).

Background: BPC §§ [4980.36](#) and [4980.37](#) contain the degree requirements for AMFT registration and LMFT licensure depending on the date that the degree was begun and completed.

While BPC §4980.36 contains the current degree requirements, BPC §4980.37 contains the requirements for older degrees that were begun before August 1, 2012 and completed before December 31, 2018.

Applicants with older degrees qualifying under BPC §4980.37 must also complete additional coursework described in BPC [§4980.41](#) before sitting for the licensing exams. Two of these required courses, described in BPC §4980.41(a)(4) and (5), are alcoholism and other chemical substance dependency, and spousal or partner abuse assessment, detection, and intervention, respectively.

Prior to 2014, those two courses must have been completed within the qualifying master's degree program. If they were not, they could not be remediated, and the degree was considered non-qualifying. An unintended consequence of this was that some applicants did not have this coursework in their qualifying degree, and were unable to qualify for licensure unless they obtained a new degree. To address this, the Board sponsored AB 428 (Chapter 376, Statutes of 2013), which allowed these two courses to be remediated outside of the degree program by taking either an additional master's level course, or coursework from an accepted continuing education provider.

However, BPC [§4980.38](#), which requires degree programs to certify that their degree meets the requirements for licensure, mistakenly still requires schools with degrees that qualified under BPC §4980.37 (pre-2012 degrees) to certify that the two above-discussed courses listed in in BPC §4980.41(a)(4) and (5) are contained in their qualifying degree.

Recommendation: Strike the requirement in BPC §4980.38(b)(2) that a qualifying degree program certify that it meets the requirements in BPC §4980.41(a)(4) and (5), as those two courses are permitted to be remediated outside of the qualifying degree program.

Policy and Advocacy Committee Recommendation

At its October 11, 2024 meeting, the Policy and Advocacy Committee discussed the proposed amendments and directed staff to bring them to the Board for consideration as a legislative proposal.

Recommendation

Conduct an open discussion about the proposed amendments. Direct staff to make any discussed changes, and any non-substantive changes, and to pursue as a legislative proposal.

Unprofessional Conduct Provisions for Telehealth

LMFT

The board may deny a license or registration or may suspend or revoke the license or registration of a licensee or registrant if the licensee or registrant has been guilty of unprofessional conduct. Unprofessional conduct includes, but is not limited to, the following:

- (a) The conviction of a crime substantially related to the qualifications, functions, or duties of a licensee or registrant under this chapter. The record of conviction shall be conclusive evidence only of the fact that the conviction occurred. The board may inquire into the circumstances surrounding the commission of the crime in order to fix the degree of discipline or to determine if the conviction is substantially related to the qualifications, functions, or duties of a licensee or registrant under this chapter. A conviction has the same meaning as defined in Section 7.5. The board may order any license or registration suspended or revoked, or may decline to issue a license or registration when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or, when an order granting probation is made suspending the imposition of sentence. All actions pursuant to this subdivision shall be taken pursuant to Division 1.5 (commencing with Section 475).
- (b) Securing a license or registration by fraud, deceit, or misrepresentation on any application for licensure or registration submitted to the board, whether engaged in by an applicant for a license or registration, or by a licensee in support of any application for licensure or registration.
- (c) Administering to themselves any controlled substance or using of any of the dangerous drugs specified in Section 4022, or of any alcoholic beverage to the extent, or in a manner, as to be dangerous or injurious to the person applying for a registration or license or holding a registration or license under this chapter, or to any other person, or to the public, or, to the extent that the use impairs the ability of the person applying for or holding a registration or license to conduct with safety to the public the practice authorized by the registration or license. The board shall deny an application for a registration or license or revoke the license or registration of any person, other than one who is licensed as a physician and surgeon, who uses or offers to use drugs in the course of performing marriage and family therapy services.
- (d) Gross negligence or incompetence in the performance of marriage and family therapy.
- (e) Violating, attempting to violate, or conspiring to violate any of the provisions of this chapter or any regulation adopted by the board.

- (f) Misrepresentation as to the type or status of a license or registration held by the licensee or registrant or otherwise misrepresenting or permitting misrepresentation of the licensee's or registrant's education, professional qualifications, or professional affiliations to any person or entity.
- (g) Impersonation of another by any licensee, registrant, or applicant for a license or registration, or, in the case of a licensee or registrant, allowing any other person to use the licensee's or registrant's license or registration.
- (h) Aiding or abetting, or employing, directly or indirectly, any unlicensed or unregistered person to engage in conduct for which a license or registration is required under this chapter.
- (i) Intentionally or recklessly causing physical or emotional harm to any client.
- (j) The commission of any dishonest, corrupt, or fraudulent act substantially related to the qualifications, functions, or duties of a licensee or registrant.
- (k) Engaging in sexual relations with a client, or a former client within two years following termination of therapy, soliciting sexual relations with a client, or committing an act of sexual abuse, or sexual misconduct with a client, or committing an act punishable as a sexually related crime, if that act or solicitation is substantially related to the qualifications, functions, or duties of a marriage and family therapist.
- (l) Performing, or holding oneself out as being able to perform, or offering to perform, or permitting any trainee, registered associate, or applicant for licensure under supervision to perform, any professional services beyond the scope of the license authorized by this chapter.
- (m) Failure to maintain confidentiality, except as otherwise required or permitted by law, of all information that has been received from a client in confidence during the course of treatment and all information about the client that is obtained from tests or other means.
- (n) Prior to the commencement of treatment, failing to disclose to the client or prospective client the fee to be charged for the professional services, or the basis upon which that fee will be computed.
- (o) Paying, accepting, or soliciting any consideration, compensation, or remuneration, whether monetary or otherwise, for the referral of professional clients. All consideration, compensation, or remuneration shall be in relation to professional counseling services actually provided by the licensee. This subdivision does not prevent collaboration among two or more licensees in a case or cases. However, a fee shall not be charged for that collaboration, except when disclosure of the fee has been made in compliance with subdivision (n).
- (p) Advertising in a manner that is false, fraudulent, misleading, or deceptive, as defined in Section 651.
- (q) Reproduction or description in public, or in any publication subject to general public distribution, of any psychological test or other assessment device, the value of which depends in whole or in part on the naivete of the subject, in ways that might invalidate the test or device.

- (r) Any conduct in the supervision of any registered associate, trainee, or applicant for licensure by any licensee that violates this chapter or any rules or regulations adopted by the board.
- (s) Performing or holding oneself out as being able to perform mental health services beyond the scope of one's competence, as established by one's education, training, or experience. This subdivision shall not be construed to expand the scope of the license authorized by this chapter.
- (t) Permitting a trainee, registered associate, or applicant for licensure under one's supervision or control to perform, or permitting the trainee, registered associate, or applicant for licensure to hold themselves out as competent to perform, mental health services beyond the trainee's, registered associate's, or applicant for licensure's level of education, training, or experience.
- (u) The violation of any statute or regulation governing the gaining and supervision of experience required by this chapter.
- (v) Failure to keep records consistent with sound clinical judgment, the standards of the profession, and the nature of the services being rendered.
