Important Information for Licensees About Completing Continuing Education for a Past Renewal Period

The COVID-19 law waiver waiving the requirement for licensees to complete 36 hours of continuing education to renew has now ended. This waiver of required continuing education to renew a license was available to all licensees whose license expired between **March 31, 2020** and **October 31, 2021**.

Although the waiver allowed licensees to renew without completing required continuing education, licensees remain responsible for completing continuing education required for past renewal periods. The Board would like to remind all licensees that they must complete all continuing education for past renewal periods by **April 1, 2022**. Failure to do so will result in a citation and/or a fine if you are audited.

Please also keep in mind that continuing education courses taken for your past renewal cycle will not count toward your required continuing education for your current renewal cycle.

Information about where to find acceptable CE courses can be found here: https://bbs.ca.gov/licensees/cont_ed.html#collapseWhere
